Solos For Young Violinists, Vol. 6

Synopsis

Solos for Young Violinists is a graded series that contains works ranging from elementary to advanced levels representing an exciting variety of styles and techniques for violinists -- a valuable listening resource for teachers and students of all ages. The piano tracks, recorded on the second half of each CD, give the violinist the opportunity to practice with accompaniments. This series of recordings can be used by any violinist and is supplementary to any method or course of study. Many of the pieces in this collection have long been recognized as stepping stones to the major violin repertoire, while others are newly published works.

Customer Reviews

In short, there is two parts of audio for given song. One is where you can hear violin part together with piano, the second is where you are supposed to hear only accompaniment that consist on only piano part-the violin part you should play by yourself. So, the only piano part isn't only piano, you still can hear in background some violin part, which is not supposed to be heard there at all. Very poor audio engineering indeed. Avoid it.
