Quilling Basics: Discover The Magic World Of Surprises In Quilling (Silent Quilling Book 1)

Synopsis

A trip in Cosmina's world Cosmina, an ambitious young lady, learns step-by-step the secrets of the quilling technique. Starting from her desire to discover a new world, Cosmina applies herself to the art of quilling while being guided by a person who truly cares for her, and thus she becomes, after many trials, an example for her friends. You are invited to read this book to come closer to Cosmina and her experiences in the art of quilling. Book content The book is divided in five chapters, bringing the readers detailed explanations and good practice techniques for skilful paper rolling. "Quilling Basics. Discover the Magic World of Surprises in Quilling" is a complete guide for paper rolling. It is addressed especially to those who wish to learn the art of quilling, but also to those who are already initiated in this art but who are looking for answers of how to create better and cleaner work that can attract admiring looks from people. The book structure is as follows: Chapter 1 Types of paper recommended for quilling Chapter 2 Basic tools required for quilling Chapter 3 Rolling the paper and basic shapes Chapter 4 Tips every beginner should know Chapter 5 Quilling designs you can make at home Appendix 1. How to make quilling paper Appendix 2. Types of paper and using recommendations Appendix 3. Metrical dimensions Appendix 4. Basic quilling shapes Appendix 5. Standard colours for quilling paper strips Appendix 6. Glossary Discover your own world of magic By following the instructions, examples and advices, and by practicing the models suggested by the author for home study, you can enjoy the crafting of objects that you can do yourself, and which can be given various uses: creating cards, decorating picture frames, presents, the Christmas tree, and any household object you may fancy. The models are easy to craft by a beginner, while the most advanced artists may also find a source of inspiration for more complex projects. Considering the fact that some people might consider using this art as a source of income through their own small business, we could say that they will be paid many times more than what they have invested.

Customer Reviews

I have only just learned how to quill and I am tickled pink about this wonderful craft. It's really easy to learn and the cost for the equipment isn't bad at all. In fact, I am putting an order together so my sister will have all the tools and gadgets I have. She works with children at school and they are always doing crafty things. I'm so glad to have a hobby she can share with me as she doesn't knit or crochet like I do. I especially like the kits which come with the patterns and the papers needed for all the projects listed in each kit. I think I have about 10 kits now and I also found a bunch of patterns on the internet. This is a good book for beginners like me and it's on Kindle!

I already know how to quill but my little girl wanted to learn and I find I'm not the best teacher. (I tend to be a perfectionist and it gets in the way sometimes.) I got her this book and left her to her own devices. She loved it and told me parts of the story as she she read. She loves to quill, too. She made me a card with some shapes she learned from this book, which I'll cherish forever, imperfections and all.

A few weeks ago someone recommended me to buy Kindle Books from . First time when I heard this idea I thought that eBooks will not offering me the same experience like a real book. So, a few days ago, I decided to buy quilling books and I started with Quilling Basics by Alberta Neal. I find myself enjoying reading on my iPad. Thank you !

This is a book for beginners. Excellent book! Love reading quilling book's, keep my interest until the last page This great book, gives me the basic quilling instructions. Overall impression: wonderful!!!

The first surprise is one story of a little girl who discovers the art of quilling and the second surprise is given by the techniques for paper craft that show you how to make quilling earrings, flowers, butterflies, necklace or Christmas stars. First time when I saw this book, I believe it's something like origami, but it wasn't. The art of quilling is different and this Quilling Basics is a good book to start your practice in quilling.

Quilling Basics is a nice and easy book. I like the story of Cosmina and also I saw clean and easy techniques that are provided for making different models from paper. My favorite design is daisy flowers. For me it was a pleasant experience and I want to see the next book from Alberta Neal. I saw that she has a series, Silent Quilling | so I hope to see the next book very soon. Good purchase you won't regret it!

This is a very good book for your child and so was for mine. It is not important if you take the entire series of Silent Quilling, or if you take just a book from Alberta Neal or from another writer. Most important is what you gain from it. If you have fun and you enjoy playing with your child, quilling could be a good relaxing activity. Buy Quilling Basics, it's a good experience!

Quilling Basics is one of the greatest guides for those who want to make quilling flowers, Christmas stars, butterflies, earrings, or necklace. Besides tips that every beginner should know and making staffs from paper, you also have a bed time story for your child. For me it was the best book of quilling that I ever read until now. Thank you Alberta Neal for this book!
