How fabulous is this? As a mother facing a very long car trip last summer I was looking for something fun for the kids to listen too. Knowing my Junie B. fan gets "queasy" when she tries to read in the car this was the perfect solution! It was hysterical to listen too and a nice break from the kids music Mom had to endure. I found myself playing it even after the kids fell asleep!! We are going on the same car trip again this summer and Wowie wow wow! There is a CD version!

I purchased the books on CD for my daughter because my son had them on cassette tape. However, to my dismay, the stories are split between 5 CDs and some stories are continued from one CD to the next. The stories themselves are wonderful, however, my advice is to purchase them on cassette tape so you don't have to switch CDs mid-story.

Cute stories. Highly recommend this audio library. Only downside is that the word "stupid" is used alot, but I explained to my 7 year old that Junie B is a character and while the story uses it for expressing Junie B's dislike of something - we don't lol

Just couldn't tolerate the voice (adult trying to sound like a kid) reading it - SUPER annoying!! Daughter hated it instantly, but I tried to give it longer (didn't want to have wasted money) and just couldn't stand it.

Super entertaining on our twice weekly road trips with my 4-year-old granddaughter. These audio books have been her first experience with "chapter books" and I've noticed her attention span keeps growing as we listen to these. She loves the stories (I admit I enjoy them too) and Lana Quintal adds a lot of charm as the narrator.

My wife is a preschool teacher. She has been reading these books to her kids for years and loves them. She had no idea there were more books in the series than she had. Next we will be buying the rest of the series. Very entertaining and educational.

My kindergartener adores Junie B and she LOVES these CDs. We've been reading Junie B books for more than a year and the CDs are a treat so she can continue "reading" when the lights go out at bedtime. I'm not crazy about Junie B (she gets in a lot of trouble, is rude and uses poor grammar) but I do enjoy the CDs ... they're funny and performed well AND, they occasionally provide teaching moments (when I can turn to my daughter and say: "I'm not sure I'd want to be friends with a girl like

Junie B.")

We purchased all three sets and our daughter LOVES them. She has always had a hard time going to sleep at night and we turn these on as a way to occupy her mind as she tries to fall sleep. We've tried to coax her to try other books on cd...but she is set on Junie B. That being said, don't think these are mello...fall asleep kind of stories...they are very energetic and fun to listen to. I am honestly surprised she can fall asleep to them, but it works for us.
