# The Secrets Of An Inspirational (In-Spirit) Life

## Synopsis

On this six-CD set, Dr. Wayne W. Dyer reveals that inspiration can be cultivated and be a driving force throughout life, rather than showing up every now and then and just as mysteriously disappearing, seemingly independent of our desire. Inspiration is for everyone! It isn't reserved for high-profile creative geniuses in the arts and sciences; it's inherent in our Divine birthright. As you listen to this live lecture, you'll learn how to live an in-spirit life. From a very personal viewpoint, Dr. Dyer offers a blueprint through the world of inspiration; your ultimate calling.

## Customer Reviews

A great CD set that's perfect to listen to any time you're feeling down in the dumps and would like some wonderful advice to bring you out of the blues and into the awareness of what living "in spirit" means. This is the kind of thing we could all use more of. It's wonderful!

This series of CDs is absolutely wonderful and very inspirational! I listen to it in the car and when I get to work I am a different person. Please do yourself a favour and reward yourself with this exceptional course on how to be inspired and live at peace with yourself and the Universe and reap the rewards of doing it! And it's all so simple, Dr. Dyer uses every day language that we can all understand, and his examples are spot on. Some of the stories from his personal life are quite funny, especially the one about the butterfly (my kids love it). Hope you enjoy this too...

As every book or tape I listened to from Dr. Wayne Dyer this is just phenomenal. Its directly from the well of knowledge and with a full heart!

I've been following Mr. Dyer on and off for 35 years. And brother have I learned a lot. He has also introduced my soul to other brilliant writers - like Neville Goddard!!! I would without hesitation recommend either author with a clear heart and soul. Need I say more? I AM THAT I AM, Ms. Bobbie Bear PS Mr. Dyer has a most soothing voice on his CD'S and is very charming, funny and informative on TV (public TV) and on his DVD's.

this cd has so many great quotes I started taking notes! I love all things Wayne Dyer anyway, but this is great. Informally informative , it makes my car ride to work smooth and inspiring. AHHH! Thank you Dr Dyer. My only complaint is the packaging this came in is Horrible... it fell apart within days and I had to buy blank Cd holders to replace the set in came in.

Wayne Dyer's easy voice and story telling capabilities make this collection of cd's one you will listen to again and again.

I have bought 3 CD sets, for personal use, as well as for gifts. Dr. Dyer is very inspiring and easy to relate to. The 1st 2 sets each had 1 CD that did not work, but I called Dr. Dyer's office/ headquarters, and they replaced them without question.

I thought this was pretty good. I always love listening to him. Some repetition to other books and CD's though.
