Customer Reviews

This has proven to be a most helpful resource for mastering colloquial Italian. I work as a priest in a parish with many elderly Italian parishiners, many of whom speak little or no English. What a blessing to have a language package that I can listen to in the car and read and review at home. It has helped me communicate with and understand Italians in a way no other audio course has.

Really good, really need to study the CD and book at the same time. Cannot fully learn just listening to the CD in the car.

excellent...think i will order french from same publisher as well... ziggy

Great help for learning Italian, when you already have basis.

I am satisfied with the approach used in this package to learn Italian. I was satisfied with the condition of the materials, but disappointed in how long it took to get the package delivered.
