# Modern Real Estate

## Synopsis

Written by real estate professionals, this book assembles the most comprehensive overview of real estate principles available. It uses an array of intriguing topics which covers the numerous issues that give real estate its distinctive flavor. In this edition all exhibits, tables and boxes have been updated or replaced with current material. Contains a thorough treatment of the growing implications of institutional (pension fund) investment in commercial real estate. Also discusses Clinton economics and the new tax law.

## Customer Reviews

available on this subject, unlike the many get-rich-quick books that clog up searches on the subject. this book is for students who are planning a career in commercial real estate investment or finance. this book is not for people who have money to invest and are looking for hands-on techniques to make money.

Out of date for my class.
