Customer Reviews

Joseph provides solid tools and strategies. I have to admit, I really liked this book. Without question it has solid content. However, I was also disappointed, it was full of grammatical and spelling errors. For this reason I had to only award three stars. Joseph normally delivers. I suspect this book was ghost written by someone other than Joseph. With all the errors this book is over priced. I have to be honest, in its current state I'm not sure it's even worth \$0.99. Come on Joseph, do the correct thing and update this book ASAP.

Joseph has put together an easy-to-follow intelligent method of improving your life. Everything is explained and there are an abundance of instructions and exercises to show you how to accomplish this. Great job, Joseph!

Expected more from Joseph.
