[...] As an artist, I love love LOVE the art in this book, I think its not only beautiful, but perfect for children. My son spent a lot of time just studying every colorful page. We read it twice in the first sitting because he was so happy! He's not yet 1, so getting him to sit still for story time is tough, and this book was such a hit he sat through it with nothing but a big smile and lots of pointing to the stuff he liked on the pages. I highly recommend this book :) Get it get it get it!" • " Customer Review"Written in a very simple way but with a profound message for both adults and kids." • " Customer Review"I LOVED it. Lots of repetition to help 'lil ones get used to structure and words! Many different words being used to help them improve their vocabulary (or pick the best word!). Most importantly, it sends a good message about how being unique and different is good. I'm learning Italian like a child, using children's books. Why not? When I was a kid; that's how I learned to read English.

This book is short with repetitive words and phrases. My son enjoys when I read this book to him and he picked up the meaning of most of the words in the book. It has also given me some confidence in reading Italian because I am somewhere between beginner and intermediate however I am always concerned about my pronunciation. Overall a great book for kids or adults wanting to work on reading or pronouncing practice.

There are sooooo many children's books in the household. It was nice to have something a bit unique to send. I think the mommy, the little girl and the grandmother all enjoyed it. They sent a Facebook picture of them reading together. ;-0

I'm new to Italy and trying to learn along with my two year old. This book is a great break from flash

cards and language apps. The art is excellent with tons of detail -- we find something new with each reading.

This might be my 8 month old's favorite book! I speak Italian and I love reading her this simple story. I think at this age she likes the repetition and silly voices, but later she'll probably be more interested in the very cute and intricate illustrations. Giusto! Esatto!

Our daughter who we are raising bilingual LOVES this book! I love it for the repetitive vocabulary it really helps build her comprehension as well as helping to build her understanding of size comparison and size relationships.

Very fun and easy story to follow. Helps a lot for basic start into the language. I wanted something like the kids books here to really see how words flow.

My three year old loves this book. Sentences in Italian first, followed by English. A cute story and good teaching tool
