## Customer Reviews

This was sooooo AWESOME I just can't believe it. I thought that this wasn't worth it at first but then I just changed my mind. This was very funny. I just side with Alex about everything being STUPID. But I'm not much of a talker either since I got an impression that Alex talks, a lot. Also I'm sorry for all those br>s and all that junk that got posted on ^ Hope you like my review '

Nice book! You know first in this review I'm just going to point out a few mistakes I found. |Actually there is only one! For the picture where Herobrine, Alex, and Steve is(at the end of the book "to be continued" part) at the end portal the picture had something wrong. Herobrine and Steve looks very similiar but what you don't realize is that besides the white eyes and no white eyes part they dress differently. Notice how Steve's shirt has a tag(a pull on yhe shirt) to the right. This is where the mistake is. Herobrine is supposed to have a tag pulled to the left. That is the other difference Herobrine and Steve have. Even some minecraft Pros don't know this! That sums up the mistake you did. Overall, this book was awesome! Not many books are like this and your one of the few minecraft authors that have such high quality books! Also, do you use blender to make these images? Yeah probably blender. P.S thanks for putting me on the awesome reviewer's list! ^ ^

Hi, its me NinjaBoy899, and i just wanted to say how lovely this new book is. I loved reading it so much, enjoyed the pictures, the plot, and the "jailbreak", ifnyou know what I mean. I know this going to be one of my shorter rewiews, considering jow long the last one was, but I just needed to expresa how great this book was and how much i enjoyed it. I hope thay everybody buys this book from the store, because it will give them enjoyment for a nice long time. My only reccomendation for a book you will write, isn't even for the next one! Its for the end of this series (Hoping thayts not any time soon). Can the finale book be rrrrreeeeaaaalllllyyyyy long? That would be awesome. Signing off until next time, NinjaBoy899

Hi, I don't think I've EVER posted a review to you before, so hi. I love every single one of your books. I read all of them at least twice, and found them funny and entertaining. This book is what minecraft lovers like me call a masterpiece, and I really don't want this series to end. The idea is too basic and the same though. Angry alex, calling people jerks and idiots. We need some mining in here. It's been long since Alex webt mining. Amazing job on these books though. Keep up the great work. From Hyped Reviewer/MinecraftFanBoy06

I like you're book(prison break) and also I read all the books and most of them were pretty good. I

wonder what will happen in book 11 and please please please write book 11 where herobrine and alex and steve will go to the end.p.s Oh in the word the end is now largared do you mean endian biome? That's where the corrus plants grow and there's a ender city and there's a new mob guarding treasures in the ender city and sometimes one ender city can hold over then 1 stack of diamonds!

this is probably the best book ever!! it was intense!! it was actually VERY interesting. For once Steve actuly fell into a hole! Jail!(ha!) i am so glad that the other books already came out!! Gotta go read them! Stay cool Craft Nicole!! :) :) :) -lvyp.s. i havent really read any of the new books for a long time so im behind, I need to read fast!! ;)

Yet again, a new and amazing book. I was so suprised to find out that they went to prison :0 and how herobrine took along time to break them free. Also, like always a quick release along with other books. While other authors take forever to release i get bored. But with your books, i never get bored. Nice Job and never stop writing books. :) [>\_

Thank for taking my suggestion for the pictures!! It helps my mind keep track of what is happening, and also the image also shows what the section is about. Please continue this series, and the Noob series. Those are my favorite!! Keep writing! Also, in the next book, make something very exciting happen! Thanks! :)
