# Lisey's Story

## Synopsis

Every marriage has two hearts, one light and one dark . . . Lisey Landon shared a profound and sometimes frightening intimacy with her husband, Scott, a celebrated bestselling novelist -- and a man with many secrets. One was the place where his gifts of imagination came from, a place that could heal or destroy him. Now, two years after his death, it's Lisey's turn to face Scott's demons on a nearly fatal journey into the darkness he inhabited. . . . --This text refers to an out of print or unavailable edition of this title.

## Book Information

Audio CD

Publisher: Simon & Schuster Audio; Unabridged edition (October 28, 2008)

Language: English

ISBN-10: 074358158X

ISBN-13: 978-0743581585

Product Dimensions: 1.8 x 5.2 x 5.8 inches

Shipping Weight: 12 ounces

Average Customer Review: 3.5 out of 5 stars [See all reviews](#) (801 customer reviews)

Best Sellers Rank: #1,669,731 in Books (See Top 100 in Books) #87 in [Books > Books on CD > Authors, A-Z > \( K \) > King, Stephen](#) #288 in [Books > Books on CD > Horror](#) #6290 in [Books > Books on CD > Literature & Fiction > General](#)

## Customer Reviews

I'm a big King fan, and -- unless I'm dead broke or just plain dead -- will always read his new novels as soon as they come out, but all in all, I'd have to say "Lisey's Story" is not one of my favorites. It's not bad, exactly; there are way too many beautifully written passages to even consider calling the book bad. However, I think that the book was badly in need of some editorial intervention at some point. I'm not referring to the book's length (though it IS too long, probably by about 300 pages), but rather to (1) an incredibly excessive use of silly language and (2) too many different threads of plot that don't manage to fully connect. In terms of the silly language . . . well, "silly" is patently the wrong word for me to use. Here's the deal. The two main characters, one of whom exists only in recollection by the other, are a (formerly) married couple who have a sort of private language consisting of certain phrases ("Strap On Whenever It Seems Appropriate," for example) and words (replacing "afghan," meaning the sawhl. with "african," and so on). This is nothing revolutionary; it's the same thing as an inside joke, and everyone I know, in each significant relationship, has a few of

those that get tossed around until they do in fact become a sort of private language. But here's the problem with that in a novel: it kept me at a distance the entire time. I think it was designed to bring me into the interior lives of these two people, but it had the exact opposite effect on me, and at a certain point in time I began to get actively annoyed every time this sort of thing appeared. And it's used A LOT. Less so toward the end of the novel, but it's incessant in the first 200 pages.

At first blush, LISEY'S STORY is not your daddy's Stephen King. To be sure, there are initial hints of things that go bump, but it's not like THE SHINING, SALEM'S LOT, or even CELL. If, as King has said, MISERY was his love letter to fans, LISEY'S STORY is a love letter to his wife, written from the perspective of his death. This is not an easy concept to get your head around at first. But if you're willing to invest time and attention to what King seems to consider his penultimate work, then at the very least you will encounter a beautifully told tale that is worth your time, energy and money. There was a point very early on when it looked to me as if LISEY'S STORY was going to be King's major attempt at non-genre fiction, and I almost stopped reading. There are two protagonists herein: Lisey Debusher Landon and her husband of a quarter-century, Scott. In the "now" of LISEY'S STORY, Scott, an award-winning author, has been deceased for two years, and Lisey has multiple balls in the air: her relationship with each of her somewhat batty sisters, pressure from a pushy academic type to gain access to Scott's trove of papers, and her own grief. As I started to set aside this weighty tome, I thought, "More John Irving than John Saul, aha!" There's nothing wrong with books of domestic matters, of course; they're just not my cup of tea. But I didn't give up, and as the novel progressed, I discovered that there is much more to LISEY'S STORY than domestic drama. A great deal of this tale consists of flashbacks concerning the long course of the Landons' courtship and marriage, and we ultimately come to know Scott, who is much more than a wonderful husband and wordsmith. Scott has secrets, not the least important of which is his ability to "heal quick," his "books" and his love for Lisey.
