## Synopsis

Works for all non-native English speakers Written & developed by University Language Experts! The fastest - most intuitive way to learn English Suitable for all ages - child through adult Takes you from beginner level to intermediate level, step-by-step. Ideal for business, travel, school, and home Millions of people worldwide have discovered the value of Instant Immersion, the most effective program available for learning to speak a foreign language quickly. Based on the highly effective Euro Method (an intuitive approach that surrounds you with native speakers and a new culture), New and Improved! Instant Immersion French provides authentic dialogue and traditional settings that immerse you in the French language and lifestyle. Written and developed by university professors and linguistic experts, each lesson in this 8-CD suite utilizes the same learning methods and retention techniques used in university-level language programs. The lesson plan is designed to build a solid foundation of vocabulary terms and fundamental dialogue skills, all of which are reinforced throughout each advancing lesson. You will quickly move from a basic speaking level to an intermediate level with easy-to-follow activities on pronunciation, vocabulary, grammar, sentence formation, and listening. Additionally, the cultural notes provide you with an inside glimpse of French customs, and introduce proper etiquette appropriate to various situations. Whether learning for business or for pleasure, you'll quickly learn how to confidently speak French with Instant Immersion. The Quickest way to learn a language, guaranteed! The most widely used method in the world! Written and Developed by University Language Experts! Designed to emulate everyday situations you may experience while in a foreign country, the New & Improved! Instant Immersion French course fully prepares you for interaction among native French speakers. Developed by university professors and linguistic experts, this thorough curriculum moves you from a beginner level to an intermediate level, fast - simply hear the words in French, their English translation, and then repeat. Starting with a complete phonetic introduction to the alphabet (each sound is also demonstrated with a vocabulary term), this 8-compact disc suite focuses on building a strong vocabulary base of commonly used terms. Each proceeding CD includes concepts from the previous lessons, ensuring you retain each core principle. As you progress, you'll easily apply verbs and vocabulary terms to informal and formal dialogue. In addition, the cultural notes introduce you to ethnic foods, French traditions, and appropriate etiquette that will benefit you while traveling. From greetings and questions to food and days of the week, the New & Improved Instant Immersion French suite is the quickest and easiest course available for confidently learning to speak the French language. Lesson Plan includes: CD 1: Alphabet, sounds CD 2: Greetings, days of the week, weather CD 3: Numbers, time/hours,

telephone numbers, and corresponding verbs CD 4: Questions, verb endings, conjugations, prepositions CD 5: Shopping terms, methods of payment CD 6: Expressing a goal, intent, and corresponding verbs CD 7: Quantity, discussing opinions, prepositions CD 8: Course review

## Customer Reviews

I am writing this review as someone who could already get by in French and has been fluent in Italian for many years. As I listen to these 8 CD's, I am surprising myself at how much French I've picked up and retained through the years (like "Le cheval est mort.") So it's a great refresher course. I'm not sure how much I would get out of these CD's if I didn't already have some knowledge of French. Notice that I didn't say "book", because... there is no book. With these CD's, you may become conversant, but you won't be able to read anything in French or be able to pronounce it. But if ALL you want to do is speak & understand when spoken to, not being weighed down by trying to spell things in your head may be a good thing.

I liked this package for what it is. Good practice in comprehension. The first CD really does a good job of teaching pronunciation. It goes through vowels, consonants, and combinations. Lots of examples are given. Then, the course goes through all basic vocabulary: numbers, days of the week, weather... You get to listen to conversations and then answer questions about what you understood. I think there is much gained when you are unable to cheat by reading a conversation

on a page. This package works especially well for people already familiar with French and those who have a french text lacking an audio component.

Most of the self teaching material out there is books. This one has no book, as said by another reviewer. This is a good way to supplement your beginning French reading material with something that has audio. As with learning any language or skill, there is no "one product" that does it all. If you need a beginner level audio program to go with your beginning French reading material, this is a good selection. An easy way to get your French off the ground. This is for beginners, it is not for those who already have a solid grasp on French.

Bought this to brush up on my French, which I haven't used for 15 yrs before a trip this fall. Is very good on pronunciations, but can be confusing. Goes through the French saying before translating in English. It seems backwards to me, but otherwise is a good product.
