Heidi

Synopsis

One of the most popular pieces of children's literature ever written. After the death of her mother, Heidi, a rosy-cheeked six-year-old, is dropped off on the doorstep of her grandfather, who lives in the mountains above a Swiss town. Grandfather is a frightening and withdrawn old man who has no use for the antics of a young girl, but the whole town falls in love with Heidi's innocent spirit, and she in turn begins to feel affection for her grandfather. From the blooming meadows in the valley of the Swiss Alps to a haunted house in Frankfurt, Johanna Spyri's classic is suffused with Heidi's warmth. This ebook has been professionally proofread to ensure accuracy and readability on all devices.

Customer Reviews

Modern adaptations tend to reduce HEIDI to the distastefully saccharine--and as such do a tremendous disservice to Swiss author Johanna Spyri, whose original 1880 novel is a surprisingly sophisticated work founded on a solid plot line and including exceptionally well-rounded characters and memorably rendered descriptions of both the Alpine peasantry and the German

aristocracy. When hardnosed Aunt Dete has the opportunity to secure better employment, she wastes little time in unloading five year old and orphaned Heidi on the child's grandfather, a Swiss peasant whose personal tragedies have led him to a life of isolation in the Alps. Heidi quickly penetrates her grandfather's superficial gruffness; he quickly grows to love the child and she in turn becomes a local favorite. Several years later, however, Dete is motivated by guilt to have second thoughts about the child's welfare, and snatches Heidi from the Alps to become the companion of the wealthy but invalid child Klara, who resides in Frankfurt. Transported to this alien city so abruptly, Heidi pines for both the Alps and her grandfather even as she comes to love Klara. She also upsets the rigidly ordered household, personified by housekeeper by the unpleasant but comical Miss Rottenmeier. When Klara's sensible grandmother suggests Heidi take her problems to God, the child does precisely that, and after several disappointments discovers that her situation is part of a larger plan that will lead to a greater happiness for all concerned. HEIDI was written at a time when children were expected to be able to read far beyond the scope of that which we expect of modern children. As a result, it is a children's novel written that is indeed a novel in every sense of the word, including length.
