Customer Reviews

This is a great bundle set of clean novellas centered on mail order brides. You get a little bit of this and that in this bundle deal. For 99 cents I thought it was a steal for the bundle. In this bundle deal you have some heavy reads, 1 or 2, with heroine's having trauma in their past and wanting better life but rest were light reads for me. You also have heroines leaving strict parents to finally be able to start family they want, heroes that are lonely and want wife, heroes with checkered past that have turned a new leaf in life as farmers, one couple reuniting after years apart , and marriages that start off for convenience. However they all find love and their HEA. I thought the author does great job of

matching the couples! However my favorite ones were of first loves and protective heroes that win over the heroines:) They are all safe reads. No OW or OM. One heroine had checkered past, not of her choosing, but rest innocent heroines wanting to find love out in the west. Really enjoyed this clean read. Recommend it.

This was entertaining as well as well written and the stories kept me wondering who next for the community. A special set by a special author who keeps me wondering what next for the characters. A must read for those who enjoy historical western romance kindle books from at a special price and from a special author who keeps you entertained throughout the entire book.

This was a fun to read group of clean romance stories. I liked the way each bride and groom connected in the small Montana town. I enjoyed the description of the scenery. I have never visited the state of Montana but this set of novels has me wishing to visit the state. I like books that allow me to forget day to day troubles and fully immerse myself into the stories.
