Let's Learn Korean: 64 Basic Korean Words And Their Uses (Downloadable Material Included)

Synopsis

Welcome to a Korean language learning adventureâdesigned to make learning fun!The Let's Learn Korean ebook is an introductory language learning tool especially designed to help children from preschool through early elementary level acquire basic words, phrases, and sentences in Korean in a fun and easy way. The flashcards can be used as a learning tool in a classroom setting, at home, or anywhere that learning takes place, and can easily be taped around the room for an interactive learning experience.This Korean flash cards for kids ebook contains: 64 Flash Cards (4.25" x 2.7") that get children talkingâabout Numbers, Colors, Going Places, and more. Everyday words and sentences help children learn naturally. Downloadable audio provides native pronunciation of the Korean words, and sample sentences for practiceâplus Korean songs that help make learning fun. Color Wall Chart (24" x 18") keeps all the new vocabulary in sight. Learning Guide for Parents and Teachers 32 ages tells you how to use the cards for most effective learning, and includes activities and games to play with your kids.

Customer Reviews

My wife is Korean and found several errors on the flashcards. That being said, the example sentences were well chosen.

I'm VERY impressed with this as I actually bought this kit of myself. The little booklet that has little games to play, helped me teach myself how to read! I've had this kit for four days -YES DAYS- and I know how to read, write, and understand body parts, colors, numbers, and some common verbs! I have to admit, I was very motivated to learn Hangeul and I have school, so I only really have a few hours to study my Korean but WOW! I didn't know an inch of Korean and soon I'm going to learn the structure of sentences! I'm amazed at how fascinating and easy the Korean language is. (My experience may be different from yours as I can fluently speak English, French, and Spanish, so I may have an advantage as far as experience, and similarities between the four languages; Hangeul may just be easier compared to those three)

A few of the tracks are boring but in all, the speed in which the Korean is spoken helps me better understand and hear the correct pronunciation of words. So far so good; I have only listened to tracks 1-52.

Like the idea, but the mistakes on the flashcards are so confusing. :(Hope they come out with a corrected addition
