Customer Reviews

Really cute book that itemizes objects in different rooms (bedroom, kitchen, etc). Its like a dictionary with cartoon drawings of objects, but clearly stated labels in both english and italian. A very colorful board book for babies, which is easy to grasp. Not quite a mini-book but sort of big for my 6 month old to handle by herself but she seems to like the colors. Would certainly recommend to start building a bilingual future!

It is as described - beautiful colors, pictures, easy to understand even for the littlest. My 18 month old loves looking at it.

I am trying to teach my now 10 month old grandson to speak Italian (renewing my own knowledge of the language as well) and this little book is a perfect first picture dictionary. It is nicely sized for little hands. The pictures are delightful and nicely categorized. It is wonderful to have both the English and Italian words. Anyone in my household can use it with or without Italian. It is hard to find good

quality bilingual "tools" for teaching. (Thank you for making quite a nice selection of items available!) This picture dictionary is definitely a winner.

We speak Italian at home but to actually see the objects and see the words together made it all easier for my daughter to recognize and it really is a wonderful little book easy to carry pop it in a bag and it keeps her busy as she learns another language

Pictures are well done and grab the baby's attention. It's small and easy to hold in your hand - I love the hard pages rather than paper pages. Translations are great.
