## Customer Reviews

We stopped watching TV because of all the bad influence. My children love the option of the Odyssey series. We can't get enough. I highly recommend all the Odyssey options, they make great gifts and stocking stuffers. I enjoy listening to Odyssey as an adult , with my children. It is a great family pre bedtime activity.

I have not even opened this, as when we received it, my son said that he had the 2 of the 3 stories on other CD's. I thought wrongly that if I bought a CD i did not have, it would have new stories on it. Now begins the tiresome process of comparing all the stories on all of our CDs to any new CD I purchase. Seems a little cheap to sell the same stories on multiple CD's, unless its a "Best Of" compilations. I am sure that the stories are wonderful, as they all are.

I purchased this for my 7 year old birthday. I was not sure she would like it, but she does enjoy

listening to stories when she goes to bed and at other times as well. So I took a chance and purchased the CD. While this may not have been a good choice for falling asleep it is a great product. The first night she listened to it for 2 or 3 times and has a favorite one.

In today's world where media teaches children thier perspective of what is right and wrong, parents need all the help they can get. This is a great series which teaches kids Christian perspective using situations that they actually face. I bought them for my 9 year old son and he is just starting to listen to them. I have purchased several of these and would recommend them to parents!
