Indestructibles: Hickory Dickory Dock

Synopsis

Indestructibles are the 100 percent baby proof, chew proof, rip proof, completely washable, and nontoxic series of books.Â Books built for the way babies read, Indestructibles are printed on an amazing nontoxic, paperlike material that holds up to endless chewing, gumming, gnawing, grabbing, bending, and pulling. Then, once the books get dirty, parents can throw them in a dishwasher or washing machine to make them clean as new. The title is adapted from classic nursery rhymes and illustrated by Jonas Sickler.Â Sicklerâ™s paintings are whimsical and fun, filled with dazzling textures and eye-popping color. They will grab and keep a babyâ™s attention, and delight adults. The book offers a multicultural twist on a classic nursery rhyme -- Hickory Dickory Dock follows two mice as they climb Big Ben. The text for the nursery rhyme is printed on the back cover.

Customer Reviews

At about 5-6 months old my baby developed an insatiable taste for paper... she loved to crumple it, crunch it, wad it up, and put it in her mouth. After a couple of Sundays with corners of church bulletins chewed off and wads of soggy paper pulled from my baby's mouth in my purse, I knew we had a problem. The "indestructibles" books seemed like the perfect solution. At first I thought it was

too good to be true, but I bought one to try it out anyway. Sure enough, my baby product tested it like a star. She tried to rip, she tried to chew, she tried to moisten the pages in order to rip and chew by sucking/gnawing on the book for extended periods... all to no avail! Even after being jammed in the diaper bag and crumpled by other toys, these books remarkably retain/rebend to their original shape. And to baby, they look and feel and SOUND like paper! Overall, GREAT quality product, beyond DURABLE, and great pictures to boot! (Though, for our purposes, this part was truly optional) Some reviewers have complained about the lack of words. I was a bit disappointed by that at first too when I first flipped through the books in a store, but then I realized, "Do I really need a book to say 'Deer' for me to point it out and tell my baby, 'That is a deer!'" Likewise, with some of the Nursery Rhyme varieties of these books, I KNOW the Nursery Rhyme, and my grabby chewy baby rarely has patience to sit and listen to a story in sequential order anyway... and when she does, these probably aren't the books we're reading! (Again, I bought them for the indestructible quality) That said, I do like the themes, the rhymes, and the multi-culturalness of many of the books in this series. The book does exactly what it claims to do and beautifully so! But, one caveat...
