Cancer

Synopsis

Using this CD on a daily basis for 30 days has produced wonderful results for many people. As you continue to play this over and over, the ideas are repeated and permeate your consciousness to help shift thinking patterns. May you have the success that so many others have had.Â Â Louise discusses how resentment, criticism, and guilt create and maintain illness. She shows that forgiveness is the key to releasing resentment, and resolving diseases such as cancer. Â Louise also presents a loving visualization with soothing music, aimed at changing old attitudes of long-held resentment and dissolving disease. This material is excellent for practitioners and therapists who treat people with cancer.

Customer Reviews

I have cancer. I was told by my medical practitioners that my cancer was beyond their treatments - full body bone marrow involvement, etc. This was SEVEN YEARS AGO (1995). I relate this only as a statement of my "credentials" to offer this opinion to those who may have recently been handed the "medical Whammy" (a term coined by Andrew Weil, M.D.) of a life-threatening or terminal diagnosis. I do not credit Louise Hay's work with my current health; I only recently was gifted with a copy of this tape, which reinforces conclusions drawn from my own experience and personal journey. Louise Hay does not offer "miracle cures," she offers HEALING concepts. She most emphatically DOES NOT place BLAME for an illness of any kind on the person with the illness, or their parents!!! Quite the opposite, which she clearly states on this tape, repeatedly. Nor does she pretend to have all the answers, or suggest anyone discard the counsel of their medical

professionals. What she DOES do is provide a wonderful collection of affirmations for personal empowerment - a course of action that enables one to regain some measure of control over their life - which, as anyone who has received a cancer diagnosis can tell you, is the first thing to go! If you are looking for a cure - something done to you from outside - then you will not find it here. (Of course not! Our cultural fear of cancer is rooted in its medical status as "incurable.") If, however, you are seeking help in HEALING - that which originates within - and you are ready to assume responsibility for your own life and become an active partner with your physicians in regaining your health, then I believe you will find much inspiration and positive energy in the loving words of Louise Hay, who has faced her own cancer, put her "philosophy" to the ultimate test, and triumphed.

I will be a 20 year cancer survivor in remission this Nov. '08. My mom had gotten me this in cassette tape in '88 when I was diagnosed with brain cancer at the age of 15. The docs. gave me 6 months to live then. At the time of finding out about the cancer and the life expectancy I had gone into a depression. My parents gave me this cassette and told me to listen to it everyday. I even went to sleep with this playing. After 3-4 weeks my attitude changed and I felt more positive and just felt good inside. I do feel this had helped me recover. Attitude is part of the battle. If you don't care or too depressed you won't fight the disease. Her soothing voice helped me sleep at night along with the music in the background. I'm ordering a copy on cd to replace my cassette. I highly recommend this to anyone that is sick.

I WAS DIAGNOSED WITH PROSTATE CANCER (STAGE 3). MY DOCTOR GAVE ME A FEW MONTHS TO LIVE. THAT SAME DAY, I BOUGHT CANCER: DISCOVERING YOUR HEALING POWER. I PLAYED THIS TAPE EVERY DAY FOR ONE MONTH. I WENT BACK TO THAT SAME DOCTOR. I WAS 100% CANCER FREE. I HAVE BEEN CANCER FREE FOR MORE THAN 10 YEARS NOW. LOUISE L. HAY IS A MIRACLE WORKER. I HIGHLY RECOMMEND THAT YOU PICK UP THIS CD AND LISTEN TO IT FOR 30 DAYS STRAIGHT. YOU CAN CURE YOURSELF AS I DID USING LOUISE L. HAY'S METHODS. DO NOT GIVE UP YOUR DOCTOR; DO NOT GIVE UP ON YOURSELF ... INSTEAD, PROVE YOUR DOCTOR WRONG. YOU CAN HEAL YOURSELF (AT ANY STAGE ... WITH ANY TYPE OF CANCER).

This is a must for anyone with health issues AND their loved ones. Louise Hay has a way of getting to the heart of things. I bought this for my husband, but after listening to it myself, I had an incredible sense of well being! What a wonderful gift into our lives.

Let's get a little perspective here...CHEMOTHERAPY has PROVEN dangerous side effects! Louise Hay presents ideas that may or may not change your way of looking at life, but I think anyone with enough intelligence to be reading this is able to listen to new ideas without being "potentially damaged." My apologies if this is more vehement than the average customer review, but frankly I have had it up to HERE with the idea that because a person has cancer they are vulnerable to "damage" by listening to the experiences and ideas of people other than the members of the AMA. Listen to and read everything you can get your hands on and consider ALL viewpoints. Louise Hay's tape is an excellent place to start.

I THINK THAT THIS CD IS WONDERFUL. IT CAME TO ME AT A VERY IMPORTANT TIME IN MY LIFE WHEN MY DAUGHTER WAS DIAGNOSED WITH CANCER & IT WAS VERY HELPFUL FOR ME TO HERE ALL THE POSITIVE AFFIRMATIONS & FACTS ABOUT HOW LOUISE HAY HEALED HER SELF OF THIS DISEASE. IT GAVE ME HOPE & I'VE SHARED IT WITH OTHERS INCLUDING MY DAUGHTER.

Louise has such a calming energy and helps you to release any negative energy you have surrounding your health. I highly recommend anyone with cancer or even without to get this cd. She is truly HEALING.

The information and Louise is wonderful. Her voice alone is a soothing and encouraging. However, the "background" piano music is simply too loud and drowns her out in some places. If there were a fix I'd like to know. Otherwise just be prepared. The CD is great.
