# Seven Up (Stephanie Plum, No. 7)

## Synopsis

In SEVEN UP, Stephanie Plum is dropped into a smorgasbord of murder, kidnapping, and extortion - a magnificent buffet of fast cars, fast men and fast food. Stephanie Plum think she's going after an easy FTA: a senior citizen charged with smuggling contraband cigarettes. But when she and Lula show up at his house, they get more than they bargained for - a corpse in the woodshed and an old man on the lam. Stephanie's mind is on other matters, however, because she has two proposals to consider: vice cop Joe Morelli is proposing marriage, and fellow bounty hunter Ranger is proposing a single perfect night . . .

## Customer Reviews

Although this latest Plum novel didn't have the humor and strong plot as the other I still could not give it less than five stars. This book went fast and was very enjoyable. The end was a long waited surprise with Ranger! Stephanie calls Ranger for help and the heat is turned up on the relationship between Ranger and Stephanie. Joe and Stephanie and speaking of the idea on marriage. Of course Stephanie's family is all for the idea! Mooner, who was introduced in the last book plays a bigger role. Stephanie and Lula are riding a Harley this book. Even though the laughter was not there as in the others this book should not be missed. If you follow this series. If you are a new reader then start with the first book and work your way through. You will be glad and really enjoy it!

The wait until the next book comes out is maddening. Seems like I've twiddled my thumbs for ages waiting on "Seven Up" to be released....and the day it was, I was waiting at the bookstore ready to

elbow anyone between me and the display! Those yummy men are back to "play" with Stephanie; meaning Joe Morelli and Ranger. How is that girl ever going to decide between the two of them when both are so wonderfully male and magnificent? Then of course there's Grandma Mazur at her zany best and an erstwhile little known family member makes an appearance. Stephanie's "perfect" sister Valerie whose "perfect" marriage has bit the dust, leaving her to contemplate the possible advantages to becoming gay. Lots of laughs are evoked through her decision to make lifestyle changes while living with her and Stephanie's parents. Mother Plum is menopausal and frustrated, Father Plum is trying desperately to stay in his own world and ignore the chaos around him and Grandma is, as always, looking to be where the action is! Throw in Bob the dog, and those pharmaceutically impaired space cadets, Mooner & Dougie and it's once again madcap insanity from page one to the last page. I don't know if I agree that this book is not as well written as the previous 6. I know I laughed just as hard and if it were possible to give any Evanovich book more than 5 stars I'd do it....just for the laugh factor alone! You can't read a Stephanie Plum book and not walk around with a silly grin on your face for two days after you've completed reading it. If you know anyone that's depressed, give them a Janet Evanovich book to read. Doesn't matter which one....they're all excellent for a lot of chuckles!

Okay, I agree with the editorial reviewer who said this book wasn't as good as her others. It wasn't, but even that still merits four stars. It still made me laugh out loud, feel miserable and also cringe horribly (particularly towards the end). She kills a car again. Can't have a novel where Steph doesn't destroy one or more of her cars. Wouldn't be right. Grandma Mazur is still great and Perfect Sister Valerie and her two insane children (one is convinced she's a horse, the other knows it all) are a nice addition to the crazy world of Plum. I also love Steph's understated dad who takes it all in his stride. And her mum, in fact, and Bob and Morelli and Ranger and Lula..... I could go on and on....Real interesting developments on the Ranger and Morelli front. Didn't really know how Ms. Evanovich would get Steph out of the situation she had between two very attractive and persuasive men without making her choice/decision uncharacteristic. And that choice is.....Not gonna tell you. Once again we are left with the cliff hanger ending which, yes, is just as irritating as it was in book 6 (and 5) but that's more because I really, really want to know what happened than just being irritated with a deliberate device to get me to buy the next book (which, by the way, is SO working - I can't believe I have to wait a whole year to the next one). Still, I think I'll just go read it again.

I will agree w/ others, this is not one of the best Plums on the tree, but it is definitely funny (as

usual). I read this book in a day and a-half. I was laughing so hysterically the first night that my husband asked if I was going to be okay. As usual, Steph and Lula get in some trouble, she kills another car, but ends up with a great ride. The battle is still on between Ranger and Joe (I hope Ranger wins!) As usual, Grandma Mazur is just about the best character in the book. It is a little long-winded and I kinda got tired of the "who's got the heart", etc. But, it is a laugh a minute. If nothing else, it is a great beach read. Janet delivers again!

OK, I confess, I am a devout fan of Stephanie Plum, bounty hunter extraordinaire and her cohorts, wild and wonderful people who inhabit these tales with verve and humor! What's not to like in an eccentric (and armed) Grandma or a confused but devastatingly attractive cop? If you have never enjoyed a Plum adventure, you might want to try starting at the beginning (One for the Money) although each story is stand-alone fun! However, I think much of the richness of this book comes from already having met these characters in earlier novels and watching them grow - my enjoyment was enhanced by my history with these wonderful folks! Stephanie has her inevitable highs and lows in this book as she pursues elderly Eddie DeChooch for bail-jumping - Joe Morelli is still making Stephanie itchy, Grandma still favors Stiva's Funeral parlor viewings as her entertainment of choice, there are FTA's to be brought in, and Ranger - ah yes, Ranger!!! As we have come to expect (albeit with teeth clenched) Janet Evanovich has left us with another cliffhanger and it only took about ten minutes of screaming for me to get past it!!! Janet must be an amazing person to create such a delightfully funny, wild and wonderful world - if you love laughter with your crime and romance, do yourself a favor and treat yourself to all the Plum books, not just this one - you won't regret it!
