Synopsis

Already completed Michel Thomas Total Spanish? Take your Japanese to the next level with this acclaimed follow-on to the Michel Thomas Method Total Course. No books. No writing. No memorizing. - Guaranteed success. Speak and understand perfectly- Incredible progress. Get what you want, fast- Absolute confidence. Unleash your natural learning style without trying The Method: Stress-free audio learning Michel Thomas teaches you through your own language, so there's no stress, and no anxiety. He builds it up, step by step, and you don't move on until you've absorbed and understood the previous point. And, as Michel Thomas said, 'What you understand, you know; and what you know, you don't forget.' With parallels to the way you learned your own language, each language is learned in 'real-time' conditions. There is no need to stop for homework, additional exercises or vocabulary memorization. A 'virtual' classroom The classroom situation on the recording lets you learn with others. You enjoy their success, and you learn from their mistakes. The students on the recordings are not reading from scripts and they have received no additional instruction or preparation - just the guidance you hear on the recording. You, as the learner, become the third student and participate actively in the class. There's no such thing as a poor student, only a poor teacher This is an important part of the Michel Thomas Method. Full responsibility for your learning lies with the teacher, not with you, the pupil. This helps to ensure that you can relax and feel confident, allowing you to learn effectively. Why it Works: Learn another language the way you learned your own You learned your own language naturally and enjoyably: now you can learn Japanese in the same way. You'll stick with it because you'll love it. Use the unique method perfected over fifty years by the celebrated psychologist and linguist Michel Thomas.

Customer Reviews

The construction of the course is brilliant. I listened to it in the car and learned so much. I even could understand some sentences in Japan.

CDs are buggy. I tried them in 2 Macs, one PC, and two external audio CD players. Some tracks are unreadable. I returned this product twice. I tried two versions of Perfect Japanese, both had buggy CDs. I tried 2 versions of Total Japanese, both had buggy CDs. Method is good. Except for that really dumb female student who keeps screwing up. She's seriously annoying.

The teacher has a HORRIBLE lisp. It's really hard to get through the lesson when your instructor can barely pronounce English let alone Japanese. Very distracting. Had it not been for this, I'd give the MT product a very good rating.
