Something About Sam (An Inspirational Romance Novel)

Synopsis

Borrow for free with Kindle Unlimited or Prime! Having lost the family ranch due her parents untimely death and their past debts, Samantha Marlow is forced to look for a job for the first time in her life. Accustomed to using her nickname, Sam, she is hired as a cook, based off of her resume, site-unseen. Jake Dampier needs someone to manage his household while he manages his ranch. He never anticipated his foreman would hire someone without interviewing them in person, especially someone as young and beautiful as Sam. The last thing he wants is a distractionâ but it may turn out to be just what he needs. Previously published by Treble Heart Books, Mountainview Division Â©2006 Susette Williams

Customer Reviews

The characters were too shallow to be compelling. i was tempted to quit reading because I did not find the main characters interesting or even very likeable. I stuck with it then was disappointed with Sam's lack of digression and I found the story's ending several years later contrived and

unnecessary. Perhaps it was aimed at more youthful readers.

I thoroughly enjoyed this story and was sorry when it ended. I couldn't put it down. I finished the book at 1:00 AM. Guess that shows how much I liked it. I bet if you bought it, you would really enjoy reading it too.

A well written book and about the relationship between two people who have been put together in a unique situation. Once I started reading it was difficult to put down. Great ending too.

Jake and Samantha's story is totally amazing. You will love the way Jake is put into a position where he feels he has to hire Sam. You can feel God in this amazing book. The characters in this book are all totally very special people. This book is hard to put down.

This book had potential, but the writing is quite simplistic. So many things are told instead of letting them develop through the story. I was quite frustrated with the lack of communication in the book, but later found that was part of her purpose, so I really didn't let that factor into my review. The setting did not ring true with me at all. It is true that someone could be left with nothing after debts were paid off on a ranch. However, most ranches are in families for generations. It takes a lot to build them up. Jake would never be in that position as young as he is coming from the background in foster care. If you like straight forward simplistic writing and can suspend disbelief about the situations that they are in, you may like this book.

Samantha has suffered the loss of her parents along with everything else she's held close. Finding employment on a ranch seems like the answer to a prayer, or perhaps the beginning of more heartbreak. Jake is used to being a loner, growing up without a real family. When you work around horses and other men who don't really talk, you don't worry about mincing words. Frustration with a beautiful woman who has captured his heart doesn't come easy and he's about to lose her for good if he doesn't learn to say something quick! Miss Williams created memorable characters that stay with you long after you've put the book down. I'm looking forward to reading more of her work!

Samantha just arrived to Georgetown, the new town where she'll be staying as she works as a "housewife" cooking & cleaning. The only problem, everyone was expecting a man since Samantha went by the name Sam. However a decision is made and she is able to stay. She is told where she

would sleep and begins her job. Sam likes where she is. She's content and happy after coming from such a sad time in her life. As times passes Sam slowly falls for her boss, Jake. But what happens when an old friend returns and jealousy rises? Will Sam have to leave or is there a solution? Jake is shocked to find a woman as the hired help. Since he's left to make the decision, Jake decides to let Samantha stay. Sam is pretty and Jake likes her...a lot. So when he takes their relationship another level, everything seems to go great. Not until new help arrives. Jake is jealous and tries to control it. But will he be able to or will jealousy conquer all? Sam & Jake were perfect! Sam is pretty and a classy lady while Jake is the strong man who turned his life around. This story had me going on an emotional roller coaster. When I thought there was no help left, I was proven wrong. This is my first book from Susette Williams and I am very satisfied. Something About Sam was a clean romance with a mixture of religious teachings and love. Overall, a very good story that all will enjoy,

This was quite different from Susette Williams' others books perhaps because it was in a more modern setting but definitely because it was infused with more Christian religious practices. So if this is what you enjoy, then this is the book for you. Besides that, it is a sweet story about two people who eventually learn that good communication will help solve their problems with each other, whether these problems are real or imagined. And of course they fall in love, but you are going to have to read the book for yourself because I'm not telling you anything else. Nancy Peterson does a very good job of the narration. This audiobook was provided by the author, narrator, or publisher at no cost in exchange for an unbiased review.
