## **Customer Reviews**

Colby does a very thorough job of helping the spiritual light worker figure out how to set up their business with specific details. Most of us LOVE being lightworkers, but don't necessarily excel in the business end of it; so if thinking about accounting and whether to set up a partnership or LLC makes you break into a sweat (like it did me), this is a terrific book for you. I truly appreciate the short chapters and adorable illustrations that kept me engaged and interested, while still being able to get the information I needed. It's a keeper!

Leap of Faith is a real game changer. Colby is no nonsense and delivers easy to follow steps in an area that hasn't been addressed in the past! This book is needed and wanted in this community because most of us are only taught and focused on the healing aspects of what we do for our

clients and we don't know anything about the business end of our business! I'm so grateful to her for helping me make my work a happy place that I look forward to going to each day! Monica Hershaft

"Leap of Faith" by Colby Psychic Rebel is so user friendly ! The way the author has laid out the information in a series of sequential steps simplifies the facts as she simply guides her reader through the process of establishing an ethical spiritual practice. It allows the reader to see what it would truly require of them to take their passion from hobby to career. No more guessing ! Instant answers! The information in this book could also serve as a reminder for those doing the work already. It could be beneficial to review how they do business making sure they are compliant with the laws that govern. Thank you Colby for gifting everyone with new practical tips for their spiritual tool boxes ! I think everyone should order two; one for themselves and one as a gift !

LOVED IT! This book is totally no nonsense, and gets right to the point, just what you'd expect from Colby.. no sugar coating or fluff just hands down "This is what you do". (And she definitely has the experience) From branding, marketing, EIN numbers, taxes and even what to put on your business cards. The type of things we "spiritual" people don't love to make time for but definitely need to. This book makes it way easier to deal with, handle and check off your to do list. Thanks Colby! :)

I just got my book this morning and I can't stop reading it already. So much helpful information for anyone in the Spiritual Business, and it's easy to read and understand. Colby is so straight forward and great at getting the information we need in this book. As I own a Metaphysical Book Store, I am sure to be stocking my shelves with this book. Thank you Colby!

This book is great for important tips and tricks to starting and building upon your business. Colby provides a laundry list of things to consider so you can have a well rounded and most importantly successful business. And as a consumer, I want to take advice from someone who knows what they are talking about, who has made a few mistakes on the road to success, and who is very successful. Very happy with my purchase.

What a great book for anyone wanting to start a spiritual practice or really any business. I initially wondered if I was going to feel overwhelmed reading this. Not at all. It's written so down to earth, simply and easy to read, it just flows. Things are included that I would have never thought of. Colby sure has walked the walk to get us all to a great place with our practice by ironing out the wrinkles along the way. Get this book! You'll absolutely love it.
