Another epic story by Diary Wimpy. My nephew loved this book about a Minecraft bat named Tweet. Any kid that faces bullying at school and really any person that faces bullying now or faced it in the past should be able to really connect with this book. The main character really handles bullying in the best way possible after being advised by his mentor. His mentor also helps him remember to display many positive values that people tend to lose sight of when trying to cope with a bullying situation. This book is definitely a must read for any Minecraft fan and so are the rest of the books in the series.

This story involves a runty bat bullied by bulkier, "cooler" bats. He does anything to finally beat him in anything, and meets a friendly bodybuilding specialist and together, they accomplish many feats. I recommend this book for boys who have bully problems. I must say, it worked for me!

This book is excellent!! I really want a book 2 if there is not one already XD I really want to see what Tweet will get into next! Please write a sequel :D

You should make a book 2 and have tweet train some other bats and he competes in the competition with his friends

you would never like a book better get now and enjoy the bookpssss :):):) :D tot worth \$3
