James - Audio CD Set: Mercy Triumphs

Synopsis

James: Mercy Triumphs - Audio CDs by Beth Moore contain the audio portion of the teaching segments in this detailed women's Bible study of the book of James. The set comes in a CD-size zipper case and a PDF of the listening guide is included on the first CD. An easy way to dig deep into the study at your own convenience. Listen to the audio sessions while driving to and from work or while on a trip. An excellent resource if you cannot make it to group study, a simple solution if you miss a session, or an easy way to listen at your own convenience. James, Jesus's own brother, started out as a skeptic. See how one glimpse of the resurrected Savior turned an unbeliever into a disciple. Bible scholars compare James to the prophet Amos. In other ways, James more closely resembles the Book of Proverbs than any other New Testament book. Topics in this study include: joy, hardship, faith, reversal of fortunes for rich and poor, wisdom, gifts from above, single-mindedness, the dangers of the tongue, humility, and prayer.

This is a really good companion to the book. I couldn't afford the video set, but this works just fine, and I can listen to it in my car. Definitely worth purchasing to use with the book study. Comes in a nice zippered holder, with 1 extra Disc of Beth Moore reading the book of James.

Having this study to listen to as I drive to and from work is wonderful. I'm doing an intensive, line by line study of James with a couple of other women. This study is going to make an excellent resource. One disk is Beth reciting the whole book of James. Hearing read all in one session is very

helpful for context. I completely recommend this audio study.

I have taken this study in our Church. I believe it to be one of Beth Moore's finest. We have had several of her teachings and I have not been disappointed. She is humorous, practical and very frank and forthright. We all love her at our Church. FCC, Fayetteville, NC

Amazing Bible study! I like how it allows the participant to see for themselves the message and doesn't just tell them what to get. I had heard several of the verses and grew up memorizing them, but when taken in context....WOW! even more powerful and meaningful!

This is one of my favorite Beth Moore Studies!! All of her studies are very good, but she explains the book of James with such passion and conviction! Would highly recommend this study!
