Customer Reviews

I wasn't ready to say goodbye to the friends I had found in these pages. Whether it was the side characters, who I surprisingly teared up for more than once, or Rob and Scar, they all stood out and

became unforgettable. Each of them helped make this trilogy my favorite retelling of Robin Hood ever! But I do have a warning, that ending left me wanting so much more! But regardless of the ending, if you're looking for a series that is filled with action, adventure, love, honor, and friendship then this is your book!We started out the story with Scar in prison, guarded by a new character David. Let it be known, that I absolutely adored David! He accompanied Scar on her journey, after her escape from Prince John's imprisonment, and his interaction with another character had he laughing so hard! The banter between David and this other character, who shall not be named, made me feel as though they were falling for each other. But their conflicts, banter, and secret moments were left unanswered. And I so wish that it would have been explained and touched upon.But as their journey progressed, something was blatantly missing. Rob. My heart ached for Rob and Scar to meet up and be back together again! I just wanted them to have another kiss, another stolen moment, another time where they could be happy. And ohhhhhh what I got was SO much more than I ever could have wanted. I was beyond ecstatic with how Scar and Rob's love transformed and those scenes were definitely my favorite moments in this book. Both of them were brave, fearless when needed, and brought so much good into the world that they deserved each other. They were the best pairing I have ever seen in a Robin Hood story!
