Soldier's Heart: Being The Story Of The Enlistment And Due Service Of The Boy Charley Goddard In The First Minnesota Volunteers

Synopsis

In June 1861, when the Civil War began, Charley Goddard enlisted in the First Minnesota Volunteers. He was 15. He didn't know what a "shooting war" meant or what he was fighting for. But he didn't want to miss out on a great adventure. The "shooting war" turned out to be the horror of combat and the wild luck of survival; how it feels to cross a field toward the enemy, waiting for fire. When he entered the service he was a boy. When he came back he was different; he was only 19, but he was a man with "soldier's heart," later known as "battle fatigue."

Book Information

Lexile Measure: 1000 (What's this?)

Mass Market Paperback: 128 pages

Publisher: Laurel Leaf; 8/13/00 edition (September 12, 2000)

Customer Reviews

Although the amount of books based on Civil War is huge, very few books have talked about the life of simple soldiers in detail in order to know how the soldiers of the Civil War felt in the war. Gary Paulsen, a gifted writer, has filled up that absence quite successfully by only one book, named *Soldier's Heart*. Based on the Civil War experience of a real boy Charley, he brings the worst nightmare of the war into the pages of this book. Charley Goddard, a hard worker, soft hearted, adventure loving fifteen years boy has never been any place except his birthplace, Winona, Minnesota. When the war begins, the superficial images of the parade, uniform, pretty girls excite him and lead him to join in the Union army, lying about his age, since men under eighteen aren't allowed to go to fight. But as the harsh reality becomes clear, when he gets in the war, his all

images vapor like heated camphor. He hasn't even thought about how terrible the war could be in reality. In his first battle his mind cries and prays to God, "I am not supposed to see these, GOD. No person supposes to see these. How can you let these happen?" But as the time passes Charley changes totally. He participates in all major battles of Civil War and finally gets wounded in the battle of Gettysburg. Gary Paulsen shows how a man's choice or mind changes when he participates in a war and uses Charley, as an example, who likes the shining revolver after war instead of other pretty things that he has liked before gets in the war. Paulsen's tiny details about battlefields help realizing how horrible the Civil War's battles were and also let the reader feel the way characters of the book have felt. Although this book is short and does not clearly describe some events, worth is beyond the price in currency.
