Customer Reviews

This is the most disappointing product I have bought this year. I usually love audio books because I lack time to sit and read. The music really annoyed me and the person's voice distracted from the information. I have no idea what the Science of Getting Rich says because of this CD. I won't purchase from this company again.

Thanks Michele your audio version of "The Science of Getting Rich" brought the entire book to life for me. The insights Michele shares, her positive inspirational music and her commentary on this classic awesome book makes it a must have for understanding the principals and richness of its transformational teachings. I love it and highly recommend it as a valuable tool for you and your families to support and achieve the best in all areas of your life. This really is an awesome and if you take it up a life-changing package!Bernadette Dimitrov, Melbourne, Australia

This speaker stunk! She tried so hard to be upbeat, and impress the information, that she completely turned me off!! I had listened to this story on a CD borrowed from a friend, and liked so much that I decided to buy it. But, this rendition was narrated by a different lady, and I disliked it to the point of almost returning it.

This is an amazing product. Wallace D. Wattle shares the secret formula of SUCCESS WHICH WHEN PRACTICED HAS CREATED MILLIONAIRES FOR OVER THE PAST ONE HUNDRED YEARS. This message is delivered by Michele Blood. Michele's voice is electrifying, you can feel her energy and consciousness which brings the author's WORDS TO LIFE. Using Michele's Motivation Mind Technology, the Secrets of Success, are anchored into the unconscious mind. With the techniques Michele shares on the 3CD AUDIO Book. They can be captured and utilized in the Now. I have an extensive library of life changing and motivational books and tapes. I believe this product is a must for anyone seeking to live a life of abundance, happiness and love. In Michele's unique way she finely tunes every chapter to bring Wallace D. Wattle's timeless message into the twenty first century. This incredible product is clearly a road map for success. The Spiritual law of attraction is interwoven into each chapter. I consider this 3 CD Audio Book to be a work of art. This would be a wonderful tool for everyone seeking to express their true potential. Dr. Lawrence T Bond Ph.D.

I have listened to this CD almost every day with out fail. The information is absolutely invaluable. The readers voice is easy to understand and the readers insight is welcome feedback. AT first the music inbetween the chapters sounds hokey, but just like any song you hear at first that you do not like, these short music interludes soon grow on you too! I would recommend this CD set to anyone who is seeking the knowledge shared from the DVD "The Secret".

This is a great motivational reading of Wallace D. Wattle's now famous book. Too bad Wallace's success was post-humous. Anyway, Michelle Blood is a vivacious reader, which at first, is off-putting, but once you get used to her, she is great fun. The music is a nice touch--again, at first, it was almost corney, but after I listened a bunch of times (oh yes, I have listened to these CDs a lot!!!) it just sort of becomes a part of the experience and enhances the message. The only thing I could do without is the promo at the end. There is a CD devoted to some website for something or other. I wasn't interested in that particular commercial endeavor, but it is a minor distraction that can easily just not be played. No big deal. Overall this is a wonderful tool to promote positive attitude

programming.

Before Michele's recording I read Mr. Wattles' book about three times, but could never put any "meat" to the idea of doing and acting in a "certain way". When I listened to the audio version by Michele I really needed to hear this. The law of attraction was working in my life and I didn't know it, until I heard Michele's voice. It was like an angel guiding me through and helping me understand God's power and His true desire to prosper all that truly wanted it. I play the CDs all the time in my car, listening to Mr. Wattles' words and my angel inspiring me through song and understanding. I feel charged and blessed wherever I go! Thank you, Michele. You are God's wondrous blessing to all! Herman L. Jimerson

This is a seminal work in the new thought/new age/prosperity thinking/the secret ouvre. Michelle Blood's reading was at first annoyingly enthusiastic, but grew on me after the first chapter or so. Even if you can assimilate text readily, there is subconscious benefit to passively listening. There's something to "musivation" as well, but I'd recommend altering the tune to your taste (unless you're fond of Madonna). A strong buy - especially if you're struggling to achieve lift-off with the whole manifestation project.
