The Titus Diary (First-Century Diaries (Seedsowers))

Synopsis

This compelling narrative continues the events of the book of Acts, first begun in The Silas Diary. Told from the viewpoint of Titus, one of apostle Paul's traveling companions, The Titus Diary is a firsthand account of Paul's second missionary journey. Join this journey as Paul sets out once more - this time with Silas, Timothy and Luke - and learn of the founding of the churches in Philippi, Thessalonica, Corinth and Ephesus. Look on as Paul meets Aquila and Priscilla for the first time and quickly gains an appreciation of their passion for the Lord and His church. On this journey Paul faces persecution for his teaching and contends with the plots of Blastinius Drachrachma, who vows to destroy Paul's work. You'll read about a miraculous prison escape and Paul's gripping spiritual warfare. God's abundant provision and overwhelming peace support the believers throughout.

Customer Reviews

Gene Edwards doesn't disappoint and The Titus Diary is another masterpiece. Seeing the early church through the eyes of Titus is a novel way to explore the New Testament and watch the apostle Paul's activities. Wonderful book. Get it. You won't be disappointed.

Gene Edwards can make you see the works of Acts and the New Testament in a fresher light. You seem to understand what happened to make Paul address certain issues. It also ushered a much

awaited healing for me. No matter what we walk through, or the lies spoken against the church today, Paul and the strength he walked in from Christ shines through for us today. It said to me, "Hey! If he can forgive those people, then I can forgive too!" It is really a must read for every believer!

If you read the first one, the Silas diary, you don't even need to read a review to want to read the second one. But if you're still unsure, you have nothing to fear! Once again, the new testament comes to life through Paul's journey. The action, the passion, the love these first missionaries had for the world are fictionalized in these diaries and presented in such an awesome first hand view, you have to sit back in awe. I gave it a 4 instead of a 5 star only because the first book made me cry. This one didn't, although it was still moving.

The Bible presents a general outline with details of some major events. Gene Edwards fills in the gaps of Paul's Second Missionary Journey in his book, The Titus Diary. Gene broadens the Biblical account by using realistic, natural explanations which are fictional but in no way do harm to the Biblical records. His amplifications create a human element to the Biblical account. He paints vivid pictures of Paul's struggles and of the life of the early church. You begin to feel what Paul felt as he faced the rejection of the Jewish leaders and the pagan culture of the Greek and Romans. At the same time, you will experience the joys of new believers in Christ as they meet in their homes--their new found faith, the joy of sharing and encouraging one another in a natural and spontaneous manner. Gene develops not only the character of Paul but also of numerous others including Silas, Luke and Timothy. He also creates numerous other fictional characters, one of which is Blastinius, a man determined to undo everything that Paul sets out to accomplish. In short, Gene makes the book of Acts leap to life right before your eyes. I recommend that you read all of his books on the Book of Acts, The Revoltion, The Silas Diary, The Titus Diary, The Timothy Diary, The Priscilla Dairy and The Gaius Diary. By doing so you will have covered the entire Book of Acts and will have a completely new appreciation of not only this book but of the letters of Paul recorded in the New Testament.

This is an excellent read and undoubtedly brings the book of Acts to life in a whole new light. Gene Edwards is a great storyteller and has a technique to his writing that portrays his Biblical characters down-to-earth and authentic to the reader. Sometimes we like to put Biblical characters on a pedestal. This book offers a human side to the Apostle Paul, Silas, Luke and Timothy, which is very

refreshing. One realizes that when it comes down to it we are all the same - spiritual beings incased in a temporary earthly body. The Titus Diary has a way of compelling the reader to look inward to the issues of the inner man. Taking the Christian to a deeper level of faith and leading to a journey of the spirit. After reading The Titus Diary, the travels of the disciples in the New Testament will have a new reality when read. I highly recommend this book for anyone who is on a spiritual journey to know God more.

physical condition of the book was excellent; although used, it looked new; very pleased with the quality. Titus Diary itself is about Paul's 2nd missionary journey with Silas as they went about establishing the ecclesia in Phillipi, Thessolonica, Berea, etc. (Greece, I suppose), based on Acts and relevant new testament letters. I love following along this story because it makes what happened in Acts so much more real to me, understanding what they faced and how they dealt with it, presenting a realistic, down-to-earth gospel with simplicity, causing me to marvel in wanting to answer the higher call of His character and nature in my life.

You must read all the diaries to be able to fully appreciate and comprehend the New Testaments...Unbelievable revelations and insights...Start in the order they were written then do all five.
