Free yourself of future problems with your Will by building your very own Living Revocable Trust. You do not have to be a millionaire in order to build a Trust. Anyone who wants to protect his or her assets should have a Trust. This eBook is here to help you out. This eBook "Building your Own Living Revocable Trust: A Pocket Guide to Creating a Living Revocable Trust" was created by author Patrick X. Gallagher with the aim to offer an easy and inexpensive way of creating your very own Trust. The author provides a personal narrative of his experience in creating his own living revocable trust. He turns this narrative into a self-help instructional and in-depth discussion of how you can build your own Trust. If you want to protect your assets while you are still able to do so, then do it now. Create your Living Revocable Trust and you will eliminate the hassle of going to a probate court in the future. Sure you can create your Will to protect your assets and make sure that your family gets them. But after you have passed, your family needs to prove in a probate court that the Will is valid. With a Living Revocable Trust, you can save your family from the pain and financial stress of a probate hearing. This new living trust eBook guarantees a clear, straight-forward, and thorough break down of the steps you will undertake in order to write and complete your very own trust. In addition to these steps, the author also includes in his Living Revocable Trust eBook some of the document samples. He guarantees that you will spend less money in building your own Trust than you will normally have to pay a lawyer to make. Patrick X. Gallagher wants to share his experience and know-how on building a living revocable trust to those who would like to know which assets should be included and excluded from a Trust. Those who would also like to empower themselves with the benefits of a creating a living revocable trust will benefit from buying this eBook. Moreover, those who are self-directed will reap the advantages of having this eBook in their hands. You can learn from someone who has already created and funded his own Trust without the help of a lawyer who may seem to be only after the money that they will get from assisting you. While the author is not a lawyer, this plays to the advantage of the eBook reader. The author assures that the eBook will be a healthy exchange of ideas between someone who has experienced creating a Trust all by himself and someone who just wants things done thoroughly yet inexpensively. Why keep a Trust for your Assets? Why Not Settle for a Will? Apart from the reasons extensively explained in this eBook, a living revocable trust is a document that can be revoked, changed, or terminated at any time that the Trustee (the creator of the Trust) wishes to do so. In this way, your assets become more fluid. Also, the assets are kept protected as the Trust can be updated while the Trustee is still alive and

well. While you are still around to protect your assets, why not start building your own Living Revocable Trust? Do not wait for your family to suffer the consequences of a probate. Wait no Longer - click the buy now button now!

## **Customer Reviews**

Why do you need a living revocable trust? To avoid probate of course! From Author Patrick Gallagher comes a very useful book on how to "Build your own living revocable trust". This book provides a solid plan for setting up a Trust to take care of your most prized assets from cash to estate. Although I knew very little about trusts at the start of this book, by the end of it I had enough of a knowledge platform from the process described in this book to confidently take action on setting up a trust. The author sets out in detail what a Revocable Trust is, the importance of having one, and the pitfalls to avoid when putting one together [and many of these include dealing with lawyers out to line their own pockets]. Book Highlights I Found Most Useful [and you will too]:- Links to useful resources that adds more value to the material for readers;- Clear summaries and strategies for how to create a Trust;- Straightforward advice on dealing with Trust Lawyers and what to expect from their services;- The importance of "Funding Your Trust" and how to do it;- Links to sample

documents for building your Living Revocable Trust;- What costs to expect, and more importantly, how to save tens of thousands by doing it yourself;- Resources section at the end of the book with links to powerful resources!The last two chapters I thought were two of the most important in the book. The author goes more into detail about "What a Trust looks like" and provides actual photos of a document, as well as the content that the document includes; Chapter 6 is as equally valuable because it shows you the "How" of changing your existing Trust, called a Restatement.
