Customer Reviews

I really did expect a complete incorporation kit with all the things I'm used to getting like fill-in-the-blanks Articles of Incorporation, Stock Certificates, and a Stock Transfer Ledger. The real complete "corporate kit" is for sale on the last page of the book for another \$79. The step-by-step guide repeatedly guides readers to the services of Nevada Corporate Headquarters, Inc., owned by Cort W. Christie. The book also neglects to say anything about the complications involved in getting your profits into your pocket without running into trouble or paying the same taxes you would normally have to pay in you home state. I was sorely disappointed.

What a waste of time, effort and money

A very useful tool. Everyone who needs to incorporate would love it! It has been a part of my library for years!
