# Platform Capitalism (Theory Redux)

Synopsis

What unites Google and Facebook, Apple and Microsoft, Siemens and GE, Uber and Airbnb? Across a wide range of sectors, these firms are transforming themselves into platforms: businesses that provide the hardware and software foundation for others to operate on. This transformation signals a major shift in how capitalist firms operate and how they interact with the rest of the economy: the emergence of ?platform capitalism?. This book critically examines these new business forms, tracing their genesis from the long downturn of the 1970s to the boom and bust of the 1990s and the aftershocks of the 2008 crisis. It shows how the fundamental foundations of the economy are rapidly being carved up among a small number of monopolistic platforms, and how the platform introduces new tendencies within capitalism that pose significant challenges to any vision of a post-capitalist future. This book will be essential reading for anyone who wants to understand how the most powerful tech companies of our time are transforming the global economy."

Book Information

Series: Theory Redux

Paperback: 120 pages

Publisher: Polity; 1 edition (November 21, 2016)

Language: English

ISBN-10: 1509504877

ISBN-13: 978-1509504879

Product Dimensions: 5.1 x 0.6 x 7.5 inches

Shipping Weight: 1.5 pounds (View shipping rates and policies)
