# Heaven And Earth (Three Sisters Island Trilogy)

## Synopsis

Ripley Todd just wants to live a quiet, peaceful kind of life. Her job as a sheriff's deputy keeps her busy and happy, and she has no trouble finding men when she wants them—which, lately, isn't all that often. She's perfectly content, except for one thing: she has special powers that both frighten and confuse her—and though she tries hard to hide them, she can't get them under control. Distraction soon arrives in the handsome form of MacAllister Booke—a researcher who's come to investigate the rumors of witchcraft that haunt Three Sisters Island. Right from the start, he knows there's something extraordinary about Ripley Todd. It's not just her blazing green eyes and her sultry smile. There's something else. Something he can detect, but she'll never admit. Fascinated by her struggle with her amazing abilities, he becomes determined to help her accept who she is—and find the courage to open her heart. But before Ripley and Mac can dream of what lies in the future, they must confront the pain of the past. For Three Sisters shelters centuries of secrets—and a legacy of danger that plagues them still. "A storytelling wizard." —Publishers Weekly

## Customer Reviews

Three Sisters is a small, rocky island off the coast of Massachusetts. Legend has it that the island was once a part of the mainland. Back in the late 1600s, during the Salem witch trials, three sisters, good witches all, known as Fire, Earth and Air, conjured the island and made it a haven against persecution. Unfortunately, the sisters did not fare as well as their island. All three were doomed by

unfortunate relationships and a misuse of power. Before the last sister died she cast a spell to keep the island safe for 300 years. At that time she prophesied a reunion of three sisters, descendants of the original three, who would join together to redeem their ancestors, right the wrongs of the past and save their home from destruction. Fast forward 300 years to Three Sisters Island. Ripley Todd is the town's deputy sheriff and she's an earthy, practical, no nonsense kinda gal - not at all the type one would peg for a witch. And make no mistake, Ripley is a witch although she tries very hard to deny her powers. Handsome, scholarly MacAllister Boone comes to the island to research the legend and to interview the one inhabitant he knows possesses magical powers - Mia Devlin, owner of the local bookstore cafe, and direct descendant of the original sisters. Boone has studied, recorded and witnessed the impossible for over 12 years. "He'd interviewed witches, ghosts, lycanthropes, alien abductees and psychics. Ninety-eight percent of them were delusional or con-artists. But the remaining two percent...well, that kept him going." Imagine his surprise when he discovered that Three Sisters Island is the home of three witches, all descending from the original line - Nell Channing Todd (Ripley's new sister-in-law), Ripley and Mia.

I'm one of those readers who was a little disappointed by the first book, *Dance Upon the Air*, in this trilogy. You have noticed it didn't keep me from buying the second installment of the series and I'm so glad I did. *Heaven and Earth* is a great story with romance, suspense, and the supernatural. The story flows as we are pulled into Ripley's story, catch up on Nell, and are given hints on Mia's past and things to come. Ripley Todd is the deputy on Three Sister Island where her brother Zack is the sheriff. She doesn't embrace her heritage of witchcraft like Nell, her brother's wife, or Mia, her childhood friend. In fact, Ripley goes to extreme lengths to pretend it doesn't exist. Now she's feeling like something of a third wheel. Zack and Nell survived a near death attack by Nell's former husband and have married. While Ripley is close to both, she doesn't feel she needs to be living in the same house with the newlyweds. There aren't many places to rent on the small island. Against her better judgement, Ripley goes to Mia to see about renting a small cottage she owns. To her shock, Mia has rented the cottage out to Dr. MacAllister Brooke, a paranormal researcher. While Nell and Mia have consented to helping Dr. "Mac" Brooke with his research, Ripley wants nothing to do with him. However, we don't always get what we want out of life and Ripley finds the one person who can reach her soul. The story revolves around Ripley coming to terms with herself and how evil can strike when we least expect it. I really like the way Nora Roberts developed the characters in this story. Ripley is a strong woman who is not afraid to confront any physical danger that she can see and touch. She will do anything to protect those that she loves.
