# My First Spanish Word Board Book/Mi Primer Libro De Palabras En Espanol (My First Series)

## Synopsis

A range of popular DK titles now available in Spanish. A first word-and-picture book that helps children develop essential vocabulary. Un primer libro de palabras y dibujos que le ayudara a sus hijos a desarrollar un volcabulario basico. DK is proud to present nine exciting Spanish titles especially for North American children. They will love the bilingual Spanish/English editions of four popular My First Word Board Books, the Spanish editions of My First Math Book, My Very First Numbers Book, and My Very First Colors, Shapes, Sizes, and Opposites Book, as well as two completely new titles.

Language: English

ISBN-10: 0789485931

ISBN-13: 978-0789485939

Product Dimensions: 4.7 x 0.8 x 5.9 inches

Shipping Weight: 7 ounces (View shipping rates and policies)

Average Customer Review: 4.6 out of 5 stars [See all reviews](#) (149 customer reviews)

Best Sellers Rank: #27,388 in Books (See Top 100 in Books) #48 in [Books > Children's Books > Education & Reference > Reading & Writing > Vocabulary & Spelling](#) #73 in [Books > Children's Books > Education & Reference > Foreign Language Learning > Spanish](#) #240 in [Books > Reference > Dictionaries & Thesauruses](#)

## Customer Reviews

I was simply amazed at how well this book was done. Each word is depicted using a high-quality, colorful, and eye catching photo and is captioned in both Spanish and English. This book is excellent for very young children (and children and adults of all ages) who are learning English and/or Spanish. It covers everything from parts of the body, to actions (dancing, etc.), to everyday household things. I highly recommend this book!

I used this book to help my daughter learn a multitude of words in English and ASL signs when she was *very* young. Now that she's a preschooler, we're looking at it again from the Spanish

perspective. And even though I am fluent in Spanish, I learned a \*lot\* of very specific vocabulary from this book (the names of all different kinds of vehicles and tools, for instance). I would recommend this book not only for parents of very young children, but also for students of the Spanish language of \*any\* age, as a vocabulary builder. If I were teaching a high school language class, I would want to copy pages out of this book, blank out the names, and challenge students to label each picture. What a great resource!!

This book has high-quality photos of each word. Unlike other bilingual books, the pictures are actual photos instead of drawn. Much easier for my child to "get it". The English/Spanish are included next to each picture. Highly recommended!

Excellent resources for easily learning Spanish through colorful illustrations. Toddlers and older kids can benefit greatly from this book. As far as bilingual books go, this one and Drum, Chavi, Drum!/Toca, Chavi, Toca! are the ones that my children love most. When kids love a book and can't put it down, that's a great sign that they will learn Spanish.

I use this book in all my Spanish classes, ages 3 to 18, to build vocabulary. It has photos of items, so there's no guessing as to what the vocabulary is about - it's large enough to hold at the front of the classroom (it's not a huge room, but you get the idea) and point as we repeat the words and then to quiz the students, or drill one at a time. A great resource to boost your child's vocabulary or review items from a workbook or other program - the only drawback is there's no phonetic spelling and no CD, so if you're not sure on pronunciation, that may be something to think about. Sra. GoseTeacher and Author of Flip Flop Spanish: Ages 3-5: Level 1

Even after years of academic Spanish, I have turned to this book when at a loss for a word. My kids love it and ask to read it all of the time! There is so much in terms of photos and words that we usually just go through a few pages at a time and leave a bookmark. It helps to know a bit about pronunciation since this book doesn't provide a "dummies" guide like the Dora English/Spanish books that my kids also love. This is by far the most comprehensive that I have seen. Excellent for the family room or coffee table!

Well, not so "little"! It's a thin book, but a full 10" x 13". Nice big pages for lots of pictures! Words are categorized so that all the words on the 2 pages in front of you are related...body parts, things

around the house, things at the grocery, etc. 30 different categories of words in all with over a 1,000 words total (check out the table of contents). The pictures are outstanding. A very nice collection for learning new spanish words.

This book has been my 2 year old daughter's favorite book for the last six months. The pictures are engaging, and grouped in categories that make sense. She's spent hours reviewing this large, well-made book. She's progressed from being able to point to photos of things when asked, to saying the names of them herself, or asking what the photo is. I've learned a lot of Spanish as well.
