Customer Reviews

The story line was important and cute. The illustrations absolutely adorable with the young characters wanting the reader to reach out and hug them! Bright bold colors entice the eye. My problem was with the beat and rhythm of the verse, at times, that had me stumbling when reading aloud and had to repeat. I hardly think young ones with notice this and the book is a definite plus for all little children. My suggestion to parents, etc who buy the book? Accompany it with a toothbrush!

A delightful book from an early childhood educator. It teaches children the importance of dental hygiene in a fun way. The pictures are colorful, and the rhyme scheme is easy, not forced. Parents and grandparents, get this one for Christmas.

This is a fun story which any toddler will love. The illustrations are delightful and the practical tips for parents, along with the added print out pages are a bonus. Well done.
