Lioness Arising: Wake Up And Change Your World

Synopsis

Awaken. The lioness rises from her slumber, a magnificent image of strength, passion, and beauty. Her mere presence commands the landscape, protects her young, and empowers the lion. In groups, lionesses become a creative and strategic force to be reckoned with, acting as one to change the world around them. You too are a lioness. In *Lioness Arising*, author and speaker Lisa Bevere offers the life and image of the lioness as a fierce and tender model for women. Revealing the surprising characteristics of this amazing creature, Lisa challenges women to discover fresh passion, prowess, and purpose. Learn what it means to be a stunning representation of strength, fiercely protect the young, lend your voice to the silenced, live in the light and hunt in the dark, and raise a collective roar that changes everything. Packed with remarkable insights from nature and a rich depth of biblical references to lionesses, *Lioness Arising* is a call for women to rise up in strength and numbers to change their world. Jesus is, after all, the lion of the Tribe of Judah. We are his lioness arising.

Customer Reviews

I read a lot of books and I am always excited to be introduced to a new author. So, I was anxious to read *Lioness Arising* by Lisa Bevere. She is married to John Bevere. You can learn more about them at MessengerInternational.org as well as at PearlAlliance.org. WaterbrookMultnomah sent me a complimentary copy of the book for the purpose of review. I was extremely disappointed in the book's message for several reasons. The best way I know to share my concerns is in bullet style: From the very first few pages to the very last page, the book felt like a mantra on feminism cloaked

in "Christianese". Ms Bevere's writing is redundant and there was nothing really new from one chapter to the next. She encourages women to realize the potential they have to change the world, but offers no real examples of how they can do that specifically. Ms Bevere downplays the importance of sound doctrine, even calling doctrine "silly" in one place (page 46) and "excessive" when discussing the issue of submission (page 107). She even seems to blame the church and offers sympathy to the Feminine divine movement in this quote from page 107: "There is no need to create a female deity that adds value to women if the church would preach truth and original intent." She quotes Margret Mead over and over. Ms Bevere quotes The Message in her book. I have no problem with The Message for devotional/comparison use. However, Ms Bevere seems to pick passages largely out of context and relies on wording from The Message to make her points because they seem to fit the point she is trying to make.
