Granddaughter loves this book. She is 2 years old and she wants to hurry and see where Sophie is hiding or even a couple of other animals. There are a few things for the child to touch such as a "plump" apple, a scratchy kite, the textured skin of Sophie, flaps to pull down or pull open. She loves the book. There is a full alphabet on the inside back cover so the child can see all the letters at one time and those letters look just like the ones throughout the book, such as Aa is for Apple Cc is for Cup, etc. Nice book, well done.

This abc book is really sweet. I like the pictures to accompany each letter. Also, inside the book is an upper & lowercase of each letter. Each spread has one flap to open for an additional photo of

that letter. And the last page spread of the book has all the letters of the alphabet. I like the Sophie books because the pictures are beautiful - definitely colored but not so vibrant or neon they hurt your eyes! A good book I would recommend!

My daughter really likes this Sophie ABC book. It has a new texture to feel on each page and peekaboo flaps. She loves to play with the rabbit's fuzzy texture. She will open it right up to the rabbit and keep feeling it for like 5 minutes!! That's a long time because she is a very active curious baby and is always on the move. Very cute book and will hopefully help her with her ABC's eventually.

Great content and Sophie peekaboo is a big hit. However the hiding place...the flaps...are not very sturdy. I'm guessing Sophie will only be hidden a few more days.

Cute Sophie the giraffe book. Similar to others in the series. This one is about the abcs. Bought for my 2 year old and she loves the book.

Nothing really special. It was just a basic ABC book.

Little readers will love this bite-sized read.

Cute book, but my baby ripped the flaps off.
