Customer Reviews

Hard to follow with translations somewhat distant from start of a segment. I really did not think the

stories were funny. Guess my German Ancestry American humor differs from real Germans! Some of the stories fall into a category that I would call just plain stupid.

This app is especially fun for people who have studied some German and may want to use it as a refresher. I can't say I would have chosen stories that had to do with students in Spain, but then I wouldn't have learned the words, and information, they provided. I enjoy the bilingual format that lets me check what I think I have read without resorting to a dictionary.

It is a fun way to practice German
