This has got to be one of my favorites by this author! And when you hear "church whore" you immediately think of a woman doing scandalous things in the church. Yeah those Harlot sisters (cleverly named after the whores in the bible) were scandalous and a bit mysterious but them damn Blanks brothers were the epitome of whores! Smdh...the only one with any type of sense was

Edem. And I'm curious to know who the sister Elisea was seeing. Now, I need to know who didn't make it at the end. Ready for part 2! WHAMP!!!!

This book is great. There were a few spelling errors but not as many as some other books that I have read. I love the closeness of the Blanks family, but them boys were something else. I was sad that Mila was killed. The Harlot sisters are pure evil. This book kept me on my toes and wanting more. I was sad when the baby was kidnapped and then when it was announced that Edem died. I can't wait for book 2.

This book was a truly awesome read. Although I think the book still needs some editing, I think the book was awesome. I did get confused with all the different real names and nicknames of the different characters. However, the characters and storyline are very well developed. I think this author has lots of potential and I am looking forward to reading book number two and three of this title. Look out Zane, Faith had me looking up some things I hadn't heard about before. The Harlot sisters ain't nothing but the devil spawn.

My Review for This book...Faith this is my first review by you and I am overly impressed I loved the story and those pastor's was a hot cheating mess. The triplets was shady and deceitful...I will not go to deep into the story but I just want to say this I look forward to reading more by you and I will recommend your work to my book buddies.

A couple of typos. Don't know why these authors don't edit their work....smh! Overall the the title of the book says it all. It was full of sex, drama and redemption. Although, I don't like the fact that it has a cliffhanger, I still might check out the next installment.

Good book. With names like Jezebel, Delilah and Tamar you should know these ladies were trouble, but some men just like playing with fire. I can't wait to read the next instalment to see how they got away from it.

Author Faith have another one on her bookshelf. I have read many church theme books, but this one takes the cakes. There a whole lot of drama in this family. Faith keep the drama up in this book, can't wait to read part#2

How in the world can you classify this as Christian Fiction? The sample alone has more cursing than some urban books. This should be removed from category IMMEDIATELY!!!!!! I just don't understand!
