## Customer Reviews

I wanted to like this book because I thought the characters were believable (which is why I gave it 2 stars instead of 1). However the absurd amount of typos and grammar errors just distracted me way too much. At first I excused it because I was reading the Kindle edition of the book and if the conversion process was off then words/spacing can get skewed. But when words for sentences are missing, used incorrectly, or misspelled that causes a distraction for me as a reader and it takes away from the story. I have no doubt that the author is talented but the editor failed her, in my opinion, by letting this version be released as is. :(

Very well-written. The characters draw you in instantly. Within four pages I wanted to smack Meena, but also hug her and try to guide her to better choices. The growth of the relationship between Meena and Mama Kakes is so tangible it will make your heart ache. At times I was literally speed reading to get to the revelation--somebody has a twin! Someone dies! Somebody gets married!--and I am waiting for part 2 if there is one. If not, this leaves closure...no abrupt cliffhanger. I'm still keeping my fingers crossed because I'd love to see more of Meena AND Mama Kakes...

I love this story; each of us have to live our own lives and grow and learn, but hopefully the choices we make are ones that God would want us to make. I rally did not care for Meena at first, but as she grow I was loving her. I hope she chooses Jimmy and can't wait for more of Mama Makes, Tony, Roxy and uncle Andre. Ms. Mitchell, I'm team Jimmy.

This fourth book from Michelle Mitchell I enjoyed each book and the Bible scripture through out this book as well her others help to give an encouraging words. This book helps with the belief that God always have a plan for our lives

This was my first time reading this authors work and I was very impressed. I purchased the second book but I was just shock how the first one ended and just had to continue reading. Meena and Mama lakes are something else. Good book

This book was fantastic from start to finish. I know that many women and girls will be able to identify with the dynamics of Mama Kakes and Meena's relationship. This book contained valuable lessons that can teach children/teens that sometimes they just need to listen to their parents and those who love them to avoid heartache...yet they must still learn for themselves. This book also can help parents to realize that our sins are often visited upon our children and often our actions can damage

them in ways we never imagined. This book teaches that prayer is necessary in our everyday lives as well as a close relationship with God, the Most High, Jah, etc. I do not want to give away any parts of the book but I am anxious to see how this all plays out. What will happen with Meena and Pablo? And what will Mama Kakes and Tony do to save Meena? Great job Michelle...I am so proud of you hunn...Now get to writing part 2!!! lol

This book was great from start to finish. Meet meena a young girl. who has had it hard all her life and want nothing more than to have her boyfriend a baby, but what happens when she tells him that she is pregnant you will not believe...

Michele V. Mitchell has opened a new genre of writing style to me. Christian urban is great it gives you the edge you like and look for while still reminding you of the power of God and the blessings he is waiting to give once we are ready to receive. She ain't me showed the undying love of a mother that has made some mistakes but in her darkness found her Light. A must read
