# Stuck On You (Stoneworth Series Book 1)

## Synopsis

Back in college, Braxton Stoneworth and Tiffany Warren were just friends...until one spring night heightened their feelings for one another. Yet when they returned to school in the fall, Braxton made a decision that drove Tiffany to transfer schools and never look back. Now, nearly a decade later, they meet again as business experts vying for the same contract at a prestigious school. In addition to their professional competition, tensions mount as Braxton and Tiffany discover that they have two different versions of what happened to their romance so long ago. Can they overcome hard feelings and pick up where they left off? Tiffany's father passed away a few months ago, just as she was founding her new project management firm. She wonders if her leap of faith was a good move, and her doubts only increase when she learns that someone from the firm she left is trying to undermine her independent efforts (not to mention her possibilities with Braxton). Braxton thought he might follow his father's footsteps into ministry. His wild fraternity days caught up with him, however, causing Braxton to give up the idea of teaching anyone to follow the faith he so obviously neglected. Can he win back his own self-respect and the heart of the woman he never forgot? *Stuck On You* is the first book in The Stoneworth Series by bestselling Christian Fiction author Michelle Stimpson. The family history is briefly established, and then readers are off to experience the Stoneworth family's rich legacy of faith and integrity within the context of contemporary romance. Come grow with the family as couples fall in love with each other and discover their God-given purpose for being together throughout the series.

## Customer Reviews

I am a Michelle Stimpson fan. Her books always have a Christian undertone and they always make me laugh out loud!! This book was very well written. It definitely captured the romance, which is something that previous books have struggled with. While it was well written, it didn't quite feel like a Michelle Stimpson book. It was definitely a good book and worth the read it just lacked the Michelle flavor I have grown accustomed to.

Author Michelle Stimpson did an excellent job of pulling us into the world of her two main characters Braxton and Tiffany. You will thoroughly enjoy this love story told as only Michelle Stimpson can, with a dash of humor and a whole lot of wisdom straight from the word of God. Can't wait for the next book in this series.

Stuck on You Michelle Stimpson This was a good storyline. I enjoyed the read and ready for the next book. This book will show you how distance doesn't stop the way you feel about a person whether (good or bad). They both were perfectly imperfect which made the story authentic to me. ~Venita Alderman Sadler Victorious Ladies Reading Book Club

I thought this book was so good....It hit a lot of personal feelings within me & really was funny but w/so much passion between this couple it was great. I loved how the word continued to just encourage a person.

Stuck on You is a good Christian read! I thoroughly enjoyed the book and have already recommended the book to friends to read so we can discuss the book. I was cheering for Braxton and Tiffany to stay connected and I love how the author wove in the Gospel of Jesus in her writing to have me examining my own walk and relationship with God! I highly recommend

"Stuck on You" is a beautiful love story about two former sweethearts who run into each other while

competing for the same contract. Michelle does a great job of illustrating what happens when time passes and questions are left unanswered. She also demonstrates the danger of letting hurt linger. Honesty and forgiveness were refreshing themes throughout the book. I appreciated reading about characters who were not afraid of admitting their mistakes and forgiving one another. I've read romance books in the past and some can be very tasteless. This book was tastefully written! I look forward to reading the next installment of this series. I'm excited about getting to know the Stoneworths and seeing how their dedication to God strengthened their family legacy.

Excellent story and plot line! Great writer as well. I found myself loving the characters from beginning to end and quickly became engaged in the story. I was anticipating a happy ending and got one and found myself silently rooting for them along the way. Will definitely read more books written by this terrific writer.

Ok ok that was SO good and SO funny and I am SO glad I read it. In the beginning I questioned if I wanted to read this but it pulled me in after the first chapter. Why'd I question reading this? Because I felt like I had nothing in common with the leading lady. I usually like to be able to identify with star female in some way, but it seemed like Tiffany was the exact opposite of me in appearance and athleticism. Turned out that Tiffany and I did have a few things in common. The people were real and imperfect, as we all are. A key factor that contributed to my love for this story.
