Customer Reviews

My (nearly) 2 yr old loves the animal images and pointing them out. The reason for my 4 stars is 2 criticisms....1. We have trouble with him tearing out flaps in books so I thought this one would be more durable but he ripped part of the cow page in the 1st day we had it. 2. Some of the sliders got stuck so my son would yell for help to push them back in.

I have become a huge fan of Nosy Crow. This is my second "Sing Along With Me!" purchase and my 2-year-old son loves it as much as the first. They are short books but durable, interactive, and fun! And they come with a song download that works easily with the scanner app on your cell phone, the song is cute and a good quality sing-along-song. I recommend!

We got this yesterday for my 17 month old daughter...and she loves it. She already points to it and calls it "EIEIO"...she only asks for her favorites by name so I know she really likes it. This is a fairly short book with 4 verses to the song...which is the only downside for us. My daughter likes books that are a little longer now...but the illustrations are so cute with lots of different animals that it's easy to do 2 verses per page with the different animals pictured (dog, ducks, chickens, etc). The 4 animals featured in the book are cow, pig, sheep, and horse. The cover and pig feature slide out reveals, the cow and horse go up/down and side to side, and the sheep pages features the sheep going around in a circle through the barn with a few other animals like the dog and a bunny. All in all...a really great book and my favorite of the Old MacDonald books I have seen.

Really cute book, but the downloadable song is a bit odd so we skip that part now when I read the book to my daughter. But she really loves all the cute pictures and slides and what not...
