Customer Reviews

I wish I could visit Kissing Bridge Mountain. The people are so friendly and the holidays are celebrated with love and baked goods, what more could you ask? It was great to read a little more about Summer and Brad's wedding plans. I especially like the hint that, while they are setting up housekeeping in their new home, they are not living together. I could feel Doddie's pain. Her loneliness is so heartbreaking. Yet she takes the time to mentor younger women. Another successful book in the Kissing Bridge series. I can't wait for the next installment.

Another great read from Linda West. I think this book touched my heart more because of "Jason" Army Vet character... Jason and Dodie deserve their HEA... looking forward to read more books like these from Ms. Linda West!

LOVED this book, too!! Like the first book, this one was even better!!! Just read that there will be a third book in the series!!!! So very glad!!! Linda West is such a good writer!! I don't want the series to end.

I had just finished another book of Linda West and found this one. I love romance books. The story was so sweet. I feel like I could step right in Dodie's shoes. Such a sweet love story of love lost and found. I really love the way Linda West writes, it's brings you right into the life of her characters. I felt for her character Dodie's pain. I can't wait to find my next Linda West romance.

Read first two in one day! Now that is a positive review. Fun wonderful characters in all ages. The characters carry through each book which I love. Not too much time is spent rehashing previous book instead it is interspersed in the story. Have already downloaded #3.

Simply Amazingly good ! This like the first, draws you in and makes you want to continue to read about Kissing Mountain. I can not wait for the third one, to see who is going to be next for love. A definite must read series.

This book was a fun and quick read. I enjoyed the characters and look forward to reading about some of them again. It is nice to be able to sit down and read something and when finished feel good about it.

Laughter abounds throughout this book. Enjoyed the book immensely and hope for another book in this series with these characters, this "town" is good back drop for these characters
