Purchased this book to form an arts nonprofit and it was invaluable. I was able to complete the application process without the cost of an expensive attorney. AND we received our 501c3 on the first application submission to the IRS!! The line by line details were clear to understand. By doing it ourselves we were able to keep money we raised for our programs and not going to someone else to do it for us. BTW - you have to do so much of the work yourself anyway that if you hire someone all they are doing is filling in the blanks on the form for you. If I can do it you can too with this book.

This book has been a huge help while we have been working out all the 501(c)(3) paperwork for our Non-profit animal rescue. I couldn't have gotten through it without being able to reference it.

The book arrived in excellent condition. Motivated me immediately. Would recommend this book to anyone starting a non-profit. Information overwhelmed me. Had to read it in small bites and proceeded to write up the By-laws and Articles of Incorporation without a hitch. Thank you!

have been using this book as a guideline to creating my own nonprofit and I don't know where I'd be without it (probably \$1,800 in debt to tax professionals). It's very helpful and not too hard to read or grasp, and has guided me through each step so far in my process with great examples and "fill-in-the-blank" forms. Again definitely worth buying if considering the challenge of setting up a nonprofit corporation. Good luck, Tony

If you want to start a non profit this is the book. It takes you step by step through all the paperwork. This is a must have.

This was a really great purchase...it provides more information than anyone ever thought they might need on starting a nonprofit. I recommend it to anyone interested in starting a nonprofit.

The best book in the field. Gives you easy to understand explanations and instructions. The software is top notch and allows easy access to forms.

I think buying this book was a great choice. It has almost everything that I need to know and enough information to help me find the rest.
