I Say, You Say Animal Sounds!

Synopsis

I say, "Reading!" You say, "Fun!" Explore the noisy barnyard with 8 lift-the flaps. These colorful, playful books encourage interactive learning through prediction and repetition; but most importantly, they look really fun. --Dr. Robert Needlman, co-founder of Reach Out and Read and author of Dr. Spock's Baby Basics
With I Say, You Say, your little ones can:Â Call out animal names and noisesÂ Practice new wordsÂ Learn and play!

Age Range: 1 - 3 years

Grade Level: Preschool and up

Customer Reviews

We bought two of these books off ebay and I immediately had to see if there were more in the same line. There were two more, which we immediately purchased. Baby LOVES these books. They are clever, interactive, promote speech, and full of beautiful, bright, fun illustrations.

I purchased this book and it's companion, I Say, You Say Opposites. Fantastic illustrations! They're big, bright, and eye-catching, which is important when you're trying to engage infants and toddlers during story time. Great introduction to animals.

This is an adorable book. The illustrations are super cute. My daughter really likes this book, but

because she looks at it so often, it is starting to fall apart. She has ripped some of the flaps accidentally and I have had to tape them back together. Since the target audience is young, this book would be better if it were more durable--like a board book. That's why I only gave it 4 stars.

we got two since they ripped it apart..and this is their favorite book.you have to fold and open it for them ..they are 13 months and want to rip it apart sometimes..but still i would get another one since they love it so much

I'm a big fan of Tad Carpenter illustrations so knew I had to get this series for my sweet little nephew. The colors are great and the illustrations are charming. My nephew loves this book series!

Great book to read! I love illustration on the book. They are fun to look at and fun to read. I bought other 'I say, you say' series, since my almost two years old daughter love this book.

The illustrations are wonderful! The book is very interactive and keeps the children entertained with all of the bright colors and the funny sounds we make for the animal noises!

A cute story as with the rest of the series in introducing basic terms to little ones. Vibrant illustrations and easy to read words are sure to engage them. Wishing for more!!
