## Customer Reviews

I have two boys (ages 3 and 2), and they LOVE this CD! TONS of songs about trucks, motorcycles, buses, driving, etc.- and several that you will recognize as a parent. It has a camp-song feel (new words to tunes that you may recognize), and I find that I'm singing the songs to them to motivate the family towards the car FREQUENTLY. ("Let's Go For a Ride" is a great song for that)My boys favorite song: "The Bugs Are-A-Coming" (They splish and they splash on the windshield.... ewwwww)My favorites: She'll Be Coming Round the Mountain, Big Rock Candy Mountain, The Wheels on the Bus, Five Big Dumptrucks, and MANY more)Bought it for a road trip, and it did not disappoint!

we got several of these wee kids cds as i remembered them on cassette from when i was little. took them on a roadtrip with us, and my kids fell in love with it, especially this one. they're still young but it would instantly calm them! amazing. my husband and i quickly learned the words and started singing along. our road trip was a lot of fun, and a huge success thanks to wee kids. :)

We have listened to this for years while in the car. Our car CD player broke and we cannot remove the CD so we replaced that and, of course, had to replace the Wee Sing CD because the children were very sad about that. We have other Wee Sing CDs but this one was the one the kids wanted in the car and now that my oldest is 11, I can tell it's one of those CDs that he will want for himself later for the memories of our car rides. Great to sing along to.

Wonderful collection of Songs! Highly recommend it. My aunt gave me this cd as a gift, I unfortunately misplaced it so I had to buy another one. It's the first CD that my 2 1/2 year old son reacted to and wanted to hear songs multiple times. Now he's almost three years old and every time we go in the car he wants to hear this cd. Songs are sort, cute and catchy. Of course I ended up finding the other cd that I had "lost" so that one went to my best friend for her son. You'll love it. I should get more from this collection.

A must for a family going on the road with one or a car load of kids. Great songs that everyone will know and some to learn. Tongue twisters for even more entertainment are in between most songs. It plays for an hour and keeps the kids entertained. I wouldn't go on a day trip or longer without this one.

Wonderful memories and great tradition. We sang as a family when traveling in the car as kids and when we had children... Wee Sing in the Car and any other of the Wee Sing series are great for family interaction on road trips or anytime.

my kids love these catchy songs, and every kid that rides with us too, given it as gifts several times

I was so excited about this order, I grew up with Wee Sing products. So I ordered 4 titles (from different sellers) for my son - this one included. Each of them promised to have book and CD. NONE of them (including this one) shipped with the CD. Incredibly disappointing.
